Re: Case 14-M-0196 - Tariff filing by Central Hudson Gas & Electric Corporation to establish fees for residential customers who choose to opt out of using Automated Meter Reading devices.

Dear Secretary Burgess,

I am contacting you on behalf of Stop Smart Meters NY, which has been designated as a party to proceeding No. 14-M-0196. Stop Smart Meters NY respectfully requests an extension of time of 30 days to make a further submission to the record in this matter. The reason for this request is that, on Thursday, June 23, the last day on which the record was open for submissions, eight utility companies made submissions that include numerous unfounded claims. Stop Smart Meters NY wishes to make a further submission to the record in order to rebut the utility companies' contentions with documented, substantiated evidence.

Thank you for your consideration.

Respectfully,

Michele Hertz
