Kevin Casutto - Presiding examiner Ashley Moreno – Hearing examiner
Re. Galloo Island Wind Project 15f0327 Stipulations for Article 10

Dear Secretary and Hearing Examiners:

September 6, 2016

The letter written on the 5th should be filed as a document to the article 10 hearing not as just a comment as it contains the stipulations that Apex Energy requested in the email dated Aug 12 2016 from James Muscato <JMuscato@youngsommer.com>

Greetings,

I am writing regarding the Galloo Island Wind Project, and am writing to the parties that participated in the recent pre-application conference. Attached, please find Galloo Island Wind LLC's proposed stipulations for the scope and methodology of the studies to be included in the Article 10 application for the Project as well as other aspects of the requirements under Article 10. Even though we discussed having a two week time period for comments, we understand that various vacation schedules are such that we would appreciate the parties providing us comments no later than September 2, 2016. Of course, if comments are available sooner, we will review them as soon as they are provided. The parties should feel free to red-line the attached word document and/or provide comments.

Let us know if you have any questions.

Jim

THANKS Sincerely, Anthony & Cara Dibnah
