# New York State Public Service Commission

Ensuring Safe, Reliable Service and Just, Reasonable Rates since 1907

## EDI Contest Period

The Commission issued an order on [September 22, 2009](#) which adopted, in part with modifications, a proposal submitted by US Energy Corporation to implement a contest period in the [Uniform Business Practices Section 5: Changes in Service Providers \(UBP 5.D.6\)](#).

The Order also directed Consolidated Edison Company of New York, Inc. (Con Edison) to file proposed revisions to the New York EDI standards and any other related comments necessary to implement a contest period.

### Con Edison submitted the filing below on November 5, 2009

- [Con Edison Cover Letter](#)
- [Contest Period Examples](#)
- [TS 814 Drop Request and Response Implementation Guide](#) (pages IV and 15 revised)
- [Reinstatement Business Processes](#) (new RE 3.0 and associated changes)
- [TS 814 Drop Business Processes](#) (new DR 1.4 and associated changes)

The Secretary to the Commission issued a [notice soliciting comments](#) on the filing December 23, 2009 and parties have the opportunity to provide comments until February 6, 2010.

View all case related Commission documents for [Case 98-M-0667](#) and [Case 98-M-1343](#).

## Electronic Data Interchange (EDI) Proceeding

### Case 98-M-0667

#### Testing & Certification

Utilities and ESCO/Marketers are required to obtain EDI Phase I Certification from the New York Public Service Commission Staff by successfully meeting Phase I test standards proscribed in the New York EDI Technical Operating Profile and related documents.

Utilities are required to complete Phase II testing with experienced ESCO/Marketers prior to engaging in Phase III testing with all other ESCO/Marketers.

## New York State Public Service Commission

Ensuring Safe, Reliable Service and Just, Reasonable Rates since 1907

# 98-M-0667: Electronic Data Interchange (EDI) - Business Communications Between ESCOs & Utilities

### Case 98-M-0667

On July 23, 2001, the Commission issued [Opinion 01-03](#), approving the policies and data standards for the implementation of the electronic data interchange (EDI) to provide for uniformity in the business communications between ESCOs and utilities in New York. This decision, and the ones following it, including last order issued on [September 13, 2006](#), continues the collaborative industry effort to develop and implement EDI procedures and transactions to support customer retail access.

All applicants filing for approval to be an ESCO in New York must successfully complete the Phase I EDI application and testing procedure as part of the eligibility process. More information may be obtained through the following links:
