CASE 25-E-0072 - Proceeding on Motion of the Commission as to
the Rates, Charges, Rules and Regulations of
Consolidated Edison Company of New York, Inc.
for Electric Service.

CASE 25-G-0073 - Proceeding on Motion of the Commission as to
the Rates, Charges, Rules and Regulations of
Consolidated Edison Company of New York, Inc.
for Gas Service.

ORDER APPROVING TARIFF AMENDMENTS ON A PERMANENT BASIS

(Issued and Effective October 23, 2026)

BY THE COMMISSION:

INTRODUCTION

Consolidated Edison Company of New York, Inc. (Con
Edison or the Company), filed amendments to its tariff
schedules, P.S.C. Nos. 10 and 12 - Electricity and P.S.C. No. 9
- Gas, as directed by the Commission's 2026 Rate Order issued in
these proceedings.¹ The Company's proposed tariff amendments
were filed on January 29, March 23, April 3, July 15, and August

¹ Cases 25-E-0072 and 25-G-0073, Consolidated Edison Company of
New York, Inc. - Rates, Order Adopting Terms of a Joint
Proposal and Establishing Electric and Gas Rate Plans (issued
January 22, 2026) (2026 Rate Order).

12, 2026. The amendments became effective on a temporary basis on February 1, March 26, April 6, July 18, and August 15, 2026, respectively, to effectuate the rates and provisions for Rate Year (RY) 1, which is the calendar year 2026, of the three-year rate plan established by the 2026 Rate Order.²

By this Order, the Commission authorizes the tariff amendments listed in the Appendix to this Order to become effective on a permanent basis as of the date of issuance of this Order. The tariff amendments filed by Con Edison regarding the PSL 73 Order issued in Case 22-M-0159,³ and the EE/BE Rehearing Order issued in Cases 25-M-0248 et al.,⁴ will remain in effect on a temporary basis until acted upon by the Commission.⁵

BACKGROUND

The 2026 Rate Order adopted the terms of the Joint Proposal establishing three-year electric and gas rate plans that provided annual revenue requirement increases. For RY 1, the 2026 Rate Order authorized a shaped revenue increase of \$234

² Rate Year 1 is the twelve-month period beginning January 1, 2026, and ending December 31, 2026; Rate Year 2 is the twelve-month period beginning January 1, 2027, and ending December 31, 2027; and Rate Year 3 is the twelve-month period beginning January 1, 2028, and ending December 31, 2028.

³ Case 22-M-0159, Proceeding to Implement Customer Credits and Reimbursements Pursuant to Public Service Law Section 73, Order Implementing Public Service Law Section 73 (issued July 14, 2022) (PSL 73 Order).

⁴ Cases 25-M-0248 et al., Non-Low- to Moderate-Income Energy Efficiency and Building Electrification Portfolios, Order Granting Rehearing, in Part, and Providing Clarification (issued November 14, 2025) (EE/BE Rehearing Order).

⁵ The tariff provisions that remain in effect on a temporary basis are the amendments to leaf 106.1 of P.S.C. No. 10 - Electricity and the tariff amendment to leaf 182 of P.S.C. No. 9 - Gas.

million for the Company's electric business and a shaped revenue increase of \$27.5 million for its gas business. In addition, the 2026 Rate Order adopted RY 2 and RY 3 revenue increases.

The 2026 Rate Order authorized Con Edison to file, on not less than three days' notice, electric and gas tariff amendments, as necessary, to effectuate the terms for RY 1, to go into effect on a temporary basis on February 1, 2026. The Commission directed parties wishing to comment on the compliance filings to do so with the Secretary to the Commission within 14 days of service of the Company's proposed tariff amendments.⁶ The 2026 Rate Order stated that the amendments set forth in the compliance filings would not become effective on a permanent basis until approved by the Commission.

TARIFF FILINGS

On January 29, 2026, Con Edison filed tariff amendments to its electric tariff schedules, P.S.C. Nos. 10 and 12, and its gas tariff schedule, P.S.C. No. 9, to effectuate the rates and provisions for RY 1 pursuant to the Commission's 2026 Rate Order. The tariff amendments became effective on a temporary basis, February 1, 2026.

On March 23, 2026, the Company made a supplemental filing to its electric tariff schedule, P.S.C. No. 10, effective March 26, 2026, on a temporary basis. According to Con Edison, the filing corrects tariff leaf 125, to remove redlined changes on the clean version of the leaf; amends tariff leaf 327.33, to add back language into Rider AD regarding Tier 1 rates for customers with electric vehicles that was inadvertently omitted

⁶ 2026 Rate Order, p. 138.

from the Company's January 29, 2026 compliance filing;⁷ and corrects tariff leaf 354, to remove a typographical error for one of the Billing Payment Processing charges from \$1.808 to \$1.80. The Company states that customers were billed correctly at \$1.80.

On April 3, 2026, the Company made a filing to its tariff schedule, P.S.C. 9 - Gas, effective April 6, 2026, on a temporary basis, to correct a formatting error, thereby improving clarity and readability within the tariff leaf. On July 15, 2026, Con Edison filed a tariff amendment, effective July 18, 2026, on a temporary basis, to its tariff schedule, P.S.C. 9 - Gas, to correct a typographical error to the rate applicable to the first 1,200 therms for the Air Conditioning rate block from \$0.6133 to \$0.6113, which the Company states was the rate that was accurately reflected in its billing system. On August 12, 2026, the Company filed a revision to tariff leaf 240, clarifying the transition of the previous Service Class (SC) 3 rate structure to the new structures that separates customers into, SC 3 Rate I and SC 3 Rate II, to become effective August 15, 2026, on a temporary basis.

In the 2026 Rate Order, the Commission waived the requirements of Public Service Law (PSL) §66(12)(b) and Title 16 of the New York Codes, Rules and Regulations §720-8.1 that newspaper publication be completed prior to the effective date of tariff amendments; however, the Commission required the Company to publish notice following the effective date and to

⁷ On July 3, 2025, Con Edison made a compliance filing to add Tier 1 rates for Rider AD pursuant to Case 22-E-0236, Proceeding to Establish Alternatives to Traditional Demand-Based Rate Structures for Commercial Electric Vehicle Charging, Order Implementing Electric Vehicle Charging Rates for Commercial Customers (issued October 17, 2024) (EV Rates Order).

file proof of publication no later than six weeks following the February 1, 2026 tariff amendment effective date.⁸ Con Edison complied with the requirements and filed its proof of newspaper publication with the Secretary to the Commission for its tariff filings made on January 29, 2026. The Company requested waivers of the newspaper publication requirements for the supplemental filings made on March 23, 2026, to the Company's electric tariff schedule P.S.C. No. 10 and for the supplemental tariff revisions that were filed on April 3, 2026, and July 15, 2026, to its gas tariff schedule P.S.C. No. 9, as the Company contends the changes for all filings address minor corrections and are clarifying in nature. Con Edison also requested a waiver of the newspaper publication requirements for the supplemental filing made on August 12, 2026, because the Company intends to notify affected customers of the change by printing a message directly on their monthly bill explaining the adjustments that were provided by the Company.

LEGAL AUTHORITY

Pursuant to PSL §§5, 65(1), 66(1), and 66(12), the Commission has the legal authority to review the proposed tariff leaves, as well as modify, reject, or approve such filed tariffs to ensure that the rates and services governed by those tariffs are just and reasonable and otherwise consistent with law. As such, the Commission has the legal authority to review and approve tariff amendments on a permanent basis, as prescribed in this Order.

⁸ 2026 Rate Order, Ordering Clause 6, p. 138.

DISCUSSION AND CONCLUSION

Collectively, all of Con Edison's electric and gas tariff amendments and statements filed pursuant to the 2026 Rate Order properly reflect the terms and provisions approved in the 2026 Rate Order to effectuate RY1. We further note that no comments assert that the tariff amendments do not comply with the 2026 Rate Order. Because the filed tariff changes appropriately implement the directives of the 2026 Rate Order, the Commission authorizes the tariff amendments listed in the Appendix to become effective on a permanent basis, upon issuance of this Order. However, this Order does not approve on a permanent basis the amendments to tariff provisions proposed by the Company in compliance with the PSL 73 Order, or the EE/BE Rehearing Order. Those tariff provisions shall remain in effect on a temporary basis until acted on by the Commission in one or more subsequent orders.

Finally, the Company's requested waivers of the requirements for newspaper publication for the March 23, April 3, and July 15, 2026 filings are granted as the revisions are clarifying in nature and have no impact on customers. The Company's requested waiver for the requirements for newspaper publication for the August 12, 2026 revision is granted as the Company intends to print a message directly on affected customer's monthly bills explaining any adjustment that were made. Con Edison is directed to file proof with the Secretary to the Commission that this bill notification was completed within 90 days of the issuance of this Order.

The Commission orders:

1. The tariff amendments filed by Consolidated Edison Company of New York, Inc., that are listed in the Appendix to this Order are authorized to become effective, on a permanent basis, upon issuance of this Order, except for the tariff amendments filed in compliance with the Commission orders issued July 14, 2022, in Case 22-M-0159 and issued November 14, 2025, in Cases 25-M-0248 et al., shall remain in effect on a temporary basis, until acted upon by the Commission.

2. Consolidated Edison Company of New York, Inc. is directed to complete the bill notification to affected customers of the transition of Service Classification No. 3, as discussed in the body of this Order, for the supplemental tariff revision filed on August 15, 2026.

3. Consolidated Edison Company of New York, Inc. is directed to file proof with the Secretary to the Commission that notification has been made as directed in Ordering Clause 2, within 90 days of the issuance of this Order.

4. The requirements of Public Service Law §66(12)(b) and Title 16 of the New York Codes, Rules and Regulations §720-8.1 as to newspaper publication of the tariff filings proposed on March 23, 2026, April 3, 2026, July 15, 2026, and August 15, 2026, are waived.

5. These proceedings are continued.

By the Commission,

(SIGNED)

MICHELLE L. PHILLIPS
Secretary
