

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 22-S-0659 - Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Consolidated Edison Company of New York, Inc. for Steam Service.

RULING ON SCHEDULE

(Issued December 20, 2022)

ANTHONY BELSITO and ERIKA BERGEN, Administrative Law Judges:

Prior to the procedural conference that was held on December 15, 2022, we encouraged parties to develop a consensus schedule for our consideration that would allow hearings to commence on or before April 24, 2023. Counsel for the Department of Public Service (DPS) provided us with a consensus litigation schedule that proposed dates for the filing of the Company's updated testimony and exhibits, intervenor testimony, rebuttal testimony, and proposed that the evidentiary hearing commence on May 2, 2023.

Having heard at the conference comments from the parties who support the schedule proposed by DPS, including the parties' rationale for deviating from the schedule we prefer, and further considering that there was no opposition to the proposal, we were prepared to adopt the schedule proposed by the parties. However, upon reviewing the calendar for the upcoming year, it appears that the proposed date for the filing of rebuttal testimony conflicts with the timing of several school districts' spring recess. In consideration of those for whom that may present a scheduling difficulty, we will extend the proposed deadline for the filing of rebuttal testimony by one week. Accordingly, the following schedule is adopted:

Milestone	Date
Filing of Company's Corrections and Updates to Testimony and Exhibits	February 10, 2023
Filing of Staff and Intervenor Direct Testimony and Exhibits	March 14, 2023
Filing of Rebuttal Testimony and Exhibits	April 21, 2023
Commencement of Evidentiary Hearing ¹	May 2, 2023
