Natural Gas Conversion Rebate Program Application Form

Rebates for installing high-efficiency natural gas equipment when converting from an alternative fuel.

How to Apply

1. **Complete and sign** the Rebate Application Form on pages 2, 3, 4, 5 and 6.
Be sure to read the Terms and Conditions on the last page of this form.
Mail the completed form along with a copy of a recent National Fuel bill*
(OR third-party supplier bill with National Fuel Gas account number indicated),
alternative fuel bill and paid receipt(s)/proof of purchase
(see Proof of Purchase Requirements below) to:

EFI – National Fuel Rebates
Natural Gas Conversion Rebate Program
P.O. Box 2528
Manchester, CT 06045

*Rental property owners are not required to provide a copy of tenant's National Fuel bill.
2. Qualifying product(s) must be purchased new and installed between January 1, 2022, and December 31, 2022, to be eligible for a rebate. Please refer to the "Natural Gas Conversion Rebate Application Form" for qualifying product requirements. Qualifying product(s) must be installed prior to submitting a rebate application.
3. Your application must be postmarked by March 31, 2023, to receive a rebate.

All applications are processed on a first-come, first-served basis, based upon the date received. INCOMPLETE APPLICATIONS CANNOT BE PROCESSED. Resubmitted information/documentation will be processed on a first-come, first-served basis, based upon the new receipt date.

4. **KEEP A COPY** of all mailed forms and required documents (including receipts) for your records.
5. You may be required to participate in any required verification of installation(s). National Fuel may verify the energy-efficient product(s), customer eligibility and installation prior to payment of rebate.
6. If all program requirements are met, a rebate check will generally be mailed within 8-10 weeks, unless your application is selected for verification, which may take additional time.

Proof of Purchase Requirements

All products must be installed using a licensed contractor or a contractor that can supply you with either a Federal ID number or a Certificate of Insurance or a Business Certificate. **All products must be purchased as new and installed prior to submitting your completed forms and other required documentation.**

Proof of Purchase for all installed equipment must include the following information:

Paid invoice or receipt(s) indicating the Retailer/Contractor name, business address, phone and **one of the following:** Federal ID (tax) number, Certificate of Insurance or a Business Certificate. The paid invoice from the contractor should contain an itemized description of each product, including:

- a. Manufacturer and complete model number of equipment replaced and installed.
- b. Equipment efficiency — AFUE for a natural gas furnace or boiler, UEF or EF for a natural gas water heater.
- c. For orifice or burner replacement rebates, provide the make, model, and efficiency of current heating/water heating equipment.
- d. Product installation date.

Note: Orifice changes and burner replacement rebates were added to the program in 2020.

Natural Gas Conversion Rebate Program Application Form

Rebates for installing high-efficiency natural gas equipment when converting from an alternative fuel.

Rebate Program Checklist

We appreciate your participation in our Natural Gas Conversion Rebate Program. In order to ensure proper processing of your rebate, please:

- ☐ Note that rebates are available for customers in National Fuel's Western New York service territory only.
- ☐ Note that new construction is not eligible for this program.
- ☐ Note that all products must be installed using a licensed contractor, or a contractor that can supply you with either a Federal ID number or a Certificate of Insurance or a Business Certificate.
- ☐ Complete, sign and enclose the Natural Gas Rebate Application Form on pages 2, 3, 4, 5 and 6. **INCOMPLETE APPLICATIONS CANNOT BE PROCESSED.** Resubmitted information documentation will be processed on a first-come, first-served basis, based upon the new receipt date.
- ☐ Include a copy of a recent National Fuel bill (or third-party supplier bill with National Fuel Gas account number indicated), and a paid receipt/proof of purchase document that lists purchase date(s), as well as manufacturer, model number, and Efficiency Rating AFUE, UEF, or EF for natural gas furnaces, boilers, or water heaters. See **Proof of Purchase Requirements** on page 1.
- ☐ Your application must be postmarked by March 31, 2023, to receive a rebate.
- ☐ Include a copy of a recent **alternative fuel bill** (oil, propane, electric). Must include the service address.
- ☐ Rental Property owner please note:
 - a. When you have purchased and installed a qualified conversion appliance in a rental property, proof of ownership (such as a copy of a recent tax bill) must be provided. The address shown on the Proof of Ownership must match the install address listed on the rebate application form.
 - b. Rental property owners are not required to provide tenant's gas account number.**
- ☐ Keep a copy of all submitted documents for your records.

Please select one of the following:

I would prefer to receive my incentive as a ☐ Check ☐ Prepaid Card

(If no preference is indicated, the incentive will be mailed as a check.)

Natural Gas Conversion Rebate Program Application Form

Rebates for installing high-efficiency natural gas equipment when converting from an alternative fuel.

I certify that the information I have provided is true and correct and the product(s) and/or equipment for which I am requesting a rebate meet the requirements in this application. I have read and understand the terms and conditions as stated on the last page of this form. I understand that I must have recently converted my home heating system or water heating system to natural gas to be eligible for this program.

Applicant Signature: _____

Name (please print): _____

Contractor Verification Signature: _____ Date: _____

Terms and Conditions

1. To be eligible for a rebate, I understand that: (a) I, or my tenant, must be a customer with an active meter serviced by National Fuel Gas Distribution Corporation ("National Fuel") in National Fuel's Western New York service territory for the installation address and, (b) the product(s) I have installed must qualify as described on the Rebate Application Form, incorporated herein by this reference, and be designed and installed to reduce the consumption of the energy distributed to me by National Fuel at the installation address. I understand I must complete an application for each installation address. For installations at multi-family dwellings, a separate application must be completed for each active meter. All uses herein of the words "install," "installation" or similar phrases shall mean complete installation such that the subject product(s) is/are fully functional at the time that the rebate application is submitted.
2. The unit must be fully constructed and currently or previously occupied. Rebates will not be offered on new-build units. All eligible measures must be installed by a licensed contractor, or a contractor that can supply you with either a Federal ID number, or a Certificate of Insurance, or a Business Certificate. The only exception to this is an ENERGY STAR®-labeled gas clothes dryer installation.
3. I understand the Natural Gas Conversion Rebate Program term begins on January 1, 2022. Product purchases and installations made prior to January 1, 2022, do not qualify for a rebate. Resale products, products leased, rebuilt, rented, received from insurance claims, won as a prize do not qualify. All applications are processed on a first-come, first-served basis, as received. INCOMPLETE APPLICATIONS WILL NOT BE PROCESSED. Resubmitted information/documentation is processed on a first-come, first-served basis, based on the new receipt date. This program may be modified or terminated at any time and without prior notice. In the event that the amount of a rebate changes during the course of the program, the installation date will be used to determine product eligibility and rebate amount.
4. I understand that this signed and dated Rebate Application Form, all appropriate Proof(s) of Purchase and other required documentation as referenced in this Application must be sent to National Fuel's Processing Center to be considered eligible for a rebate. Generally, a rebate check for qualifying product(s) will be mailed 8-10 weeks after National Fuel receives and approves a properly completed Application Package unless an application is selected for a verification, which may add additional time. I understand that if I did not indicate a preferred payment method, the default method of payment is a check.
5. I will allow, if requested, a National Fuel representative reasonable access to the install address to verify the product has been purchased and is installed before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. I understand that National Fuel may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
6. I have installed a qualifying product(s) and understand the energy efficiency level of the qualifying product(s) determines the rebate amount (as defined in the Rebate Application Form). A single gas-fired piece of equipment that provides two functions (e.g., heat and hot water) is only eligible for one rebate, that being the higher rebate amount of the two listed amounts. The rebate amount cannot exceed the purchase price.
7. I agree that the selection of qualifying product(s), selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this Application are my sole responsibility, and that my manufacturer, dealer, supplier or installer of these products and measures is not an agent or representative of National Fuel. I understand that National Fuel makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. I ALSO UNDERSTAND THAT NATIONAL FUEL MAKES NO WARRANTY WHETHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE PRODUCTS OR MEASURES. I agree that National Fuel has no liability whatsoever concerning (1) the quality, safety, and/or installation of the products or measures, including their fitness for any purpose, (2) the estimated energy savings of the products or measures, (3) the workmanship of any third parties, (4) the installation or use of the products or measures including, but not limited to, effects on indoor pollutants or (5) any other matter with respect to the National Fuel Natural Gas Conversion Rebate Program. I waive any and all claims against National Fuel, its parent companies, directors, officers, employees or agents, arising out of activities conducted by or on behalf of National Fuel in connection with my application for any rebate(s) under the National Fuel Natural Gas Conversion Rebate Program. Without limiting the generality of the foregoing, none of the above stated parties shall be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
8. I am responsible for meeting all program requirements and complying with my state/county/city governments, property owner and/or homeowner's association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules and regulations concerning this installation.
9. If a tenant, I am responsible for obtaining the property owner's permission to install the product for which I am applying for a rebate. My signature on this application indicates I have obtained this permission.
10. I understand that National Fuel is not responsible for items lost or destroyed in the mail/transit.
