Feedback **Con Edison Urges Gas Customers To Schedule Free Safety Inspection Now**

CON EDISON MEDIA RELATIONS | New York – June 16, 2021 -- 12:00 PM

Inspection Deadline is Approaching; More Than 144,000 Customers Need to Schedule Inspections to Avoid Fines and Service Disruption.

Con Edison advises gas customers that the deadline for completing state-mandated inspections of gas meters and piping is September 2021. More than 825,000 customers have already completed the free safety inspections in a [program](#) that began in 2017.

Approximately 144,000 gas customers with indoor meters have yet to schedule inspections. Customers who remain out of safety compliance face state-mandated fines of up to \$500 per meter and service disruptions.

Con Edison asks customers' cooperation to improve safety and avoid the penalties of non-compliance by scheduling their inspection today.
