

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 15-E-0302 - Proceeding on Motion of the Commission to
Implement a Large-Scale Renewable Program and a
Clean Energy Standard.

NOTICE EXTENDING COMMENT PERIOD

(Issued January 17, 2024)

By letter filed January 12, 2024, Central Hudson Gas & Electric Corporation, Consolidated Edison Company of New York, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, New York State Electric & Gas Corporation, Orange and Rockland Utilities, Inc., and Rochester Gas and Electric Corporation (the Joint Utilities) requested an extension of the comment period that was established in the Notice Seeking Further Comment (October Notice), issued October 20, 2023, in this proceeding. Comments are currently requested by January 19, 2024.

The Joint Utilities state that, because the matters under consideration in this proceeding will affect the State's ability to achieve the goals of the Climate Leadership and Community Protection Act of 2019, it is important that stakeholders, including the Joint Utilities, have sufficient time to review, analyze, and respond to the October Notice. The Joint Utilities advise that they have commenced their analyses and have been working together with the goal of submitting a consolidated set of comments, but they assert that additional time is needed to complete their assessment and provide thorough responses to the October Notice.

PLEASE TAKE NOTICE that the date for submitting comments in response to the October Notice is hereby extended

CASE 15-E-0302

until **February 20, 2024**. Please refer to the October Notice for pertinent filing information.
