**Date:** Tuesday, June 16, 2026 4:04:21 PM

---

Good afternoon,

I tried to verify the trainings that were submitted yesterday via UDig NY website and neither Matt Boisvert or Mackenzie Fletcher came up. I verified the trainings with UDig NY and they stated the following: "Matt Boisvert took the master course in 2021 and completed a renewal in 2022. His certification expired due to not completing a renewal after 2022. He took another renewal in January of this year, but he has to complete the master course again because the certification expired. Mackenzie Fletcher completed a renewal course in January but has not completed the master course to receive the certification. If it is the same person, they completed the master course in 2021 but did not complete the renewals to keep the certification valid."

Please complete the master course for the Certified Excavator Program training and resubmit. The trainings are past due, and the case is ready to be sent to the Commission for Final Order.

Please feel free to contact me if you have any questions!

Sincerely,  
Robert Jucha
