Agency Building 3
Albany, NY 12223-1350

Dear Secretary Phillips:

Re: Matter No. 23-01227 — In the Matter of Registration for Energy Brokers and Energy Consultants

Please see attached energy consultant registration form. It was brought to our attention upon renewal that the application had Broker accidentally checked off. Lower Watt is not a Broker. We are a consulting firm, and I am resubmitting the application to reflect such.

Please contact me if you have any questions or require further information.

Thank you.

Sincerely,

Aharon Gartenberg
President
