CASE 14-M-0101 - Proceeding on Motion of the Commission in
Regard to Reforming the Energy Vision.

RULING MODIFYING PROCESS FOR FILING COMMENTS
ON TRACK ONE STAFF STRAW PROPOSAL

(Issued August 25, 2014)

JULIA SMEAD BIELAWSKI and ELEANOR STEIN,
Administrative Law Judges:

As previously ruled, initial comments on the August 22, 2014 Staff Straw Proposal on Track One Issues may be filed until September 22, 2014 and reply comments until October 24, 2014. Page limits were set for initial comments of individual parties at 35 pages, and 20 pages for reply comments. Four or more parties filing jointly may file up to 50 pages for initial comments and 30 pages for reply comments. We amend our previous prohibition against any party filing both jointly and individually to instead permit parties signing a joint filing to also file individually, so long as the individual filing does not exceed five pages. Such individual filing must clearly indicate that the filing party has also signed a joint filing.

Comments should be organized by the section numbers found in the Staff straw proposal to facilitate a systematic review by Staff. That is, even if a party chooses not to respond to some sections of the straw proposal, their filing should reflect the numbering for each topic as identified by Staff, and in the order addressed in the straw proposal.
