I recently noticed an issue that I was rather surprised about. The 867
Monthly/Interval Usage does not contain the bill option. So, if I change
from Dual Billing to Utility Consolidated Billing, I have no way of knowing
when I look at the 867 what the utility is expecting. At some future
meeting, I would like to discuss the possibility of adding the REF*BLT to the
867MU/IU. Obviously, not to be implemented anytime soon.
