Dear Mr. Flynn:

I am writing this letter to show my strong support for Keyspan's conveyance of the former Elmhurst Gas Tanks property to the City of New York for use for a much needed park.

I am personally grateful for Keyspan's commitment to work with the community to achieve the aforementioned goal. I am sure that you recall that the community staged protests that highlighted their strong opposition to this site being developed for commercial or residential use. The community was joined with elected representatives from each and every level of government who stood side by side to back their community, in the quest to preserve and enhance the quality of life for the citizens of Maspeth and Elmhurst.

The community proudly supports the deal negotiated with myself, Mayor Michael Bloomberg and representatives from Keyspan that would ensure that this property will be used as a park and open public space that will enhance the quality of life for years to come.

I urge public service commission to support Keyspan's conveyance request as do the citizens of the communities that I am proud to represent.

Very truly yours,
