- b. ConEd/O&R

ConEd/O&R Billing system updates. Deb Belin inquires if the change is scheduled to go live over labor day in September this year. ConEd confirm (for both companies) that any implementation updates are still scheduled for labor day weekend 2023 (September 4, 2023). The companies are still wrapping up testing at this time (UAT testing). All EDI testing has been completed. Changes to 814 billing option changes will require a tax rate as opposed to the previous tax free rate. These are changes to the existing EDI guidelines.
