CASE 24-G-0234 - Petition of Valley Energy, Inc. for Approval, Pursuant to Section 68 of the Public Service Law, of a Certificate of Public Convenience and Necessity for the Extension of Natural Gas Service Area in and Around Parts of the Town of Chemung.

NOTICE REQUESTING COMMENTS AND ANNOUNCING
PUBLIC STATEMENT HEARING AND PROCEDURAL CONFERENCE

(Issued November 4, 2024)

Comments are requested concerning a petition filed by Valley Energy, Inc. (Petitioner), pursuant to Section 68 of the Public Service Law, seeking an amendment to its Certificate of Public Convenience and Necessity (CPCN). The requested amendment would enable it to provide extraterritorial service, pursuant to its franchise agreement with the Town of Chemung, Chemung County. Petitioner proposes the construction of pipeline and interconnection facilities that will accommodate the gas generated from a proposed landfill renewable natural gas project (Project) to be built by WB Chemung, LLC.

The interconnection facilities will be constructed adjacent to the Chemung Landfill, and the pipeline will connect the interconnection facilities to Petitioner's existing service area at its distribution pipeline near the Vulcraft steel plant. Petitioner will receive and transport the gas produced by the Project through the interconnection and pipeline infrastructure, and WB Chemung will purchase natural gas for use at the Project through a separately installed service line. Petitioner proposes to construct, within the existing right of way, an approximately 5-mile long, six-inch polyethylene pipeline to connect the Project to an existing pipeline near the Vulcraft

steel plant entrance located on County Road 60 in the Town of Chemung. The pipeline will be constructed entirely within County Road 60 or on the Chemung Landfill parcel. Petitioner intends to provide natural gas service to customers along the proposed route.
