CASE 17-F-0617 - Application of Hecate Energy Albany 1 LLC and Hecate Energy Albany 2 LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 for Construction of the Coeymans Solar Farm Project in the Town of Coeymans, Albany County.

NOTICE OF PUBLIC STATEMENT HEARING

(Issued January 30, 2020)

On June 7, 2019, Hecate Energy Albany 1 LLC and Hecate Energy Albany 2 LLC (Hecate Albany), wholly owned subsidiaries of Hecate Energy LLC, filed an application seeking authority to build and operate the Coeymans Solar Farm, a commercial-scale solar photovoltaic electric generating facility in the Town of Coeymans, Albany County (the Project). The Project would consist of arrays of ground-mounted photovoltaic solar panels installed on a 436-acre site, with a total Project capacity of 40 megawatts. The proposed Project site is located between United States (US) Route 9W and Albany County Route (CR) 101. Points of interconnection with the electric grid would be to existing National Grid 115 kilovolt transmission lines that cross the southern portion of the Project site.

On January 22, 2020, the Chair of the New York State Board on Electric Generation Siting and the Environment (Siting Board) determined that the Hecate Albany's application complies with the Siting Board's filing requirements.
