**NUMBER THREE WIND LLC RESPONSE TO THARP-04
INTERROGATORY/DOCUMENT REQUEST**

THARP-04 – Questions Concerning Public Involvement Plan, Public Outreach, and Public Participation (Rebecca Sheldon, Board Member, and Benjamin E. Wisniewski, Esq.)

1. *For the three open houses hosted by NTW please provide the following:*
 - a. *Digital copies of original meeting logs, including any notes, reports, and attendance records.*
 - b. *Digital copies of any maps, charts and photographs displayed. Please provide display dimensions.*
 - c. *Digital copies of any photographs taken at the open houses by NTW employees or affiliates.*
 - d. *Digital copies of the original stakeholder sign-up sheet present at each open house.*
 - e. *Digital copies of informational pamphlets or hand-outs made available to attendees, and any presentations that were given.*

RESPONSE:

A total of five open houses have been held: two in 2016, two in 2017, and one in 2018. Digital copies of handouts, maps, posters, notifications made, sign-up sheets, and meeting memos written shortly after the open houses were held summarizing events and approximate attendance are being mailed under separate cover. No presentations were given, and NTW staff has no photos on file from open houses.

2. *Please provide a list of additional stakeholders added to the original stakeholder list compiled by NTW. Please indicate the date each additional stakeholder requested to be added to the list and by what method (i.e. via email, phone call, in-person meeting, sign-up sheet at open house, etc.) the request was made.*

RESPONSE:

Please refer to the attached stakeholder list, which includes columns indicating whether the stakeholder was on the initial list or added, and the dates on which they were added.

3. *Please provide NTW's mailing list for all public outreach mailings and notices subsequent to the August 20, 2016 open house.*

RESPONSE:

Digital copies of mailing lists are being provided separately.

4. *Please explain why NTW's chose an open house format as the most effective means of introducing and presenting NTW to the public.*

RESPONSE:

Open Houses are one of many outreach methods to introduce and inform the public about the project. DPS also recommended that NTW host multiple such events to best allow people with different work schedules to attend. Other public outreach methods have included direct door-to-door contact throughout the project area by NTW staff; direct mailings; website presence, web advertisements in local online news outlets; newspaper advertisements and articles; presentations at multiple town board and planning board meetings in the host towns; and maintaining an office in the project area since 2016, which has both regular open hours and also makes appointments to meet people at their convenience, with contact information and hours displayed on the door.

5. *Please provide any correspondence between NTW and any municipal officers regarding the planning, format, timing and location of the introductory open houses.*

RESPONSE:

No such correspondence exists. Communication was handled in person and by telephone.

6. *Please describe any efforts made by NTW, in addition to actions described in the PIP or revised PIP, intended to further engage adjacent landowners in the Article 10 process.*

RESPONSE:

As noted in #4 above, NTW staff did extensive door-to-door contact with adjacent landowners throughout the project area, took out multiple ads in the local paper and news websites, and encouraged press coverage in the local papers, none of which are contemplated in the PIP Plans.

Name of Person(s) Preparing Response: Marguerite Wells

Dated: January 29, 2019
