Albany, New York 12223-1350

Re: Case 19-M-0463 – In the Matter of Consolidated Billing for Distributed Energy Resources

Dear Secretary Phillips:

As directed by Ordering Clause 10 of the Commission's Order Regarding Consolidated Billing for Community Distributed Generation issued December 12, 2019 in the above referenced proceeding, Central Hudson hereby submits its Net Crediting Annual Report for calendar year 2023. This report sets forth the incremental costs associated with the implementation and operation of the net crediting model, as well as the amount recovered through the discount rate. Additionally, the report identifies the number of CDG Hosts participating in Net Crediting, as well as the number and capacity of projects and the number of customers participating in the program.

Questions concerning this filing may be directed to me at 845-790-9398 or npinto@cenhud.com.

Yours very truly,

Nicholas Pinto

Nicholas Pinto

Case 19-M-0463 – In the Matter of Consolidated Billing for Distributed Energy Resources

**Central Hudson Gas & Electric Corporation
Annual Net Crediting Report for Calendar Year 2023**

Central Hudson began accepting applications for the Net Crediting Program in January 2021 with a program effective date of March 1, 2021. A summary of Central Hudson's Net Crediting activity during calendar year 2023 is summarized in Table 1 and described further below:

Table 1: 2023 Net Crediting Activity

Item	Topic	2023 Reported Amount
1	Incremental Costs	\$241,352
2	Amount Recovered through Discount Rate	\$117,879
3	Number of Hosts Participating	15
4	Number and Capacity of Projects*	28 projects/ 72MW
5	Number of Customers Participating	7,863

1. Incremental Costs

The Company incurred \$241,352 in incremental O&M costs during the year.

2. Amount Recovered through Discount Rate

The Company recovered \$117,879 in revenue through the discount rate during the year.

3. Number of Hosts Participating

There were 15 CDG Hosts participating in the program during the year.

4. Number and Capacity of Projects

There were 28 projects participating in the program during the year with aggregated capacity totaling 72 MW. This number represents the number of projects billed during 2022 and does not include projects that are pending and have not been setup within Central Hudson's billing system.

5. Number of Customers Participating

7,863 customers participated in the program during the year.
