Re: Meter Service Provider for Related Companies

Case #: 11-02802 [11-M-0710]

Dear Secretary Phillips:

As per the PSC requirements outlined in "16 NYCRR Part 92 Operating Manual dated March 14, 2003", SATEC Engineers have performed accuracy testing for the following residential dwellings:

Site address: 480 Main Street, New York, NY 10044

The meters under tests have been found compliant. Should you need any further information or have any questions about this petition, please feel free to contact us.

Respectively,

A handwritten signature in blue ink, appearing to read "Rodney Jean Charles".
