Ms. Burgess,

We are writing regarding Matter 17-01948, and Verizon's Petition for the address 84-53 Dana Court.

As the plans indicate, there will be extensive interruption to the business operations on the ground floor of the building. We will not be satisfied with any surface mounted wiring or equipment. Therefore, we are very concerned with the extent of the damage resulting from the installation on the upper residential floors.

Regards,

Dawn Skaperdas
