Dear Ms. O'Dell-Keller,

As per Section 5.1 of the Lighthouse Wind PIP, please find attached the Project Meeting Log for the Lighthouse Wind project for events from March 1, 2015 through April 30, 2015. Also included is a separate log of stakeholder correspondence received via our website from March 1, 2015 through April 30, 2015. Due to the volume of the email participation in the process, we have separated the two for easier reading.

In order to ensure that all stakeholder correspondence was received and responded to, the spam blockers have been minimized on the incoming email address. Because of this, certain emails were removed from this report if they were determined to be of product sales nature or obscene in their content. All emails regarding the project have been maintained in this log.

Additionally, due to the volume of public participation and the nature of certain inquiries, there were some delays in the response to stakeholders. We have reviewed our processes and modified them to accommodate this volume going forward. Please let me know if you have any questions in regard to this.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Fitzgerald", with a long horizontal flourish extending to the right.

Daniel Fitzgerald
