the statewide relay system and lifeline service.

Exhibit D - IntraLATA presubscription implementation plan

Exhibit E – Delaware Corporation Listing and Certificate of Good Standing

CPCN Petition Form

Petition Information Required by All Companies filing for a CPCN

Please fill out petition, sign and submit.

Electronically file to Secretary@dps.ny.gov .

Use company cover letter of petitioner or on behalf of petitioner.

1. Identification of applicant and principal business office:	
Company Name	Peering Hub Inc.
Street Address (P.O. Box is <i>not</i> acceptable)	3524 Silverside Road, Suite 35B
City, State, Zip Code	Wilmington, DE 19810
President and Telephone/Fax	Brian Shepard Telephone: (469) 513-0000 Fax: (469) 513-0001
Other Officers and Telephone/Fax	Anne Kwong, Director of Operations Telephone: (469) 513-0002 Fax: (469) 513-0001

2. All carriers are required to submit a Telecommunications Carrier Critical Information (TCCI) form. Use this link to submit the form electronically: TCCI Form .	
<input checked="" type="checkbox"/>	Check box confirming that a TCCI form is submitted electronically.

3. A copy of the company's certificate of incorporation from the New York Department of State (DOS) and, if not incorporated in New York State, a copy of the authority to transact business in New York State (foreign business authority). If not incorporated, include a list of the names, addresses, and telephone numbers of the company's owners.	
<input checked="" type="checkbox"/>	Check box confirming that DOS certificate is submitted. See Exhibit A

4. The company's Federal Social Security Account Number and/or Federal Employer Identification Number.	
SS or ID	FEIN: 47-2495219

5. A general description of the services to be offered and how it would enhance competition in the area to be served. Fill in the box below or provide on EXHIBIT attachment. See Exhibit B	
--	--

6a. A Company providing [basic retail telecommunications services](#), switched access services, and /or wholesale services must file a tariff containing the rates, terms, and conditions of the services to be offered. Indicate whether the Company intends to provide any of the following types of services:

Check all applicable boxes below:

Basic Retail Services – Tariff Required

Switched Access Services – Tariff Required

Wholesale Services – Tariff Required

6b. [Public Service Law §92-g](#) allows a Company providing non-basic retail services (i.e., any retail service not considered [basic](#)) to elect to post a Customer Service Guide on its website containing the rates, terms and conditions of their non-basic retail services, in lieu of filing a tariff for those services. Indicate if the Company intends to provide non-basic retail services and, if so, whether it elects to file a tariff or post a Customer Service Guide on its website.

Check box if intending to provide non-basic retail services.

Tariff Provided

OR

Customer Service Guide (CSG) to be Posted on Company Web Site (Provide Web Address or URL for CSG below **along with a draft electronic copy of the document**).

Peering Hub Inc. submits the Access tariff with the Application.

7. A company intending to provide local exchange service with authorization to provide direct routing of operator assisted calls, including emergency calls, initiated by dialing solely "0" (also known as "0-" calls) needs to provide additional information to demonstrate that it is qualified to handle emergency calls promptly and reliably, in accordance with the requirements of [16NYCRR Section 649.6](#).

Check box if the company will process "0-" emergency calls via the

	ILEC or other "0-" certified operator services provider.
<input type="checkbox"/>	Check box if the company intends to process "0-" calls itself, and will file a subsequent petition for "0-" certification with required documentation.

8. If applying for authorization to provide local exchange service (residential and/or business dialtone), describe how your company will provide access to public safety/emergency telephone services, access to the statewide relay system and lifeline service. In addition, the applicant must comply with the requirements enumerated on pages 30-31 of the Commission's Order in [Case 94-C-0095](#), issued May 22, 1996. The Commission will entertain waivers of any of these specific requirements only on a case-by-case basis. Please describe briefly how the company plans to comply with these requirements. If you do not plan to provide local exchange services, please check the appropriate box.

<input type="checkbox"/>	Check if not applying for local exchange service.
<input checked="" type="checkbox"/>	Check if applying and fill in the box below or provide description on EXHIBIT attachment.
See Exhibit C	

9. Indicate whether the company ever acquired a customer or has been the subject of a complaint and/or investigation for unauthorized switching of a customer from another company. **If so, please provide an explanation below.**

The Applicant has never been the subject of a Complaint or Investigation for unauthorized switching of a customer from another company. The Applicant has also never been the subject of a Complaint or Investigation for Slamming violations or practices by the Federal Communications Commission

10. If applying for authorization to provide local exchange service (residential and/or business dialtone), include an intraLATA presubscription implementation plan.

<input type="checkbox"/>	Check box if not applying OR
<input checked="" type="checkbox"/>	Check box if applying and provide plan on EXHIBIT attachment.
See Exhibit D	

Additional Information Required by Companies applying as Facilities-

Based Provider. *If requesting authority to offer Facilities-Based Services in the future companies should describe how they will undertake to comply with the Commission requirements prior to providing facilities based services. Facilities may be purchased or leased from other New York certified carriers, or companies may provide new construction.*

11. If applying for authorization to provide facilities based local exchange services (residential and/or business dialtone), the company is expected to comply with the Commission's Network Reliability Orders issued in [Case 03-C-0922](#) - Proceeding on Motion of the Commission to Examine Telephone Network Reliability. One Order, issued July 28, 2004, addressed such items as Telecommunications Service Priority (TSP) rates and procedures, dual cable entrance facilities and a show cause requirement concerning route diversity and a new service, Critical Facilities Administration Service. A second order, re-addressing Telephone Network Reliability, was issued on *June 15, 2005*. The application should describe how the company will undertake to comply with these Commission requirements. If you do not plan to provide facilities based local exchange services, please state so.

<input type="checkbox"/>	Check box if not applying for facilities based services.
<input checked="" type="checkbox"/>	Check box if applying for future authorization to provide facilities based local exchange services.
<input type="checkbox"/>	Check box if applying and describe how it will comply with Commission requirements on EXHIBIT attachment.

12. If providing new construction include a description of the plant and system to be constructed and the anticipated construction schedule.

<input checked="" type="checkbox"/>	Check box if "NA" or provide EXHIBIT attachment. Not applicable.
-------------------------------------	--

13. I, Brian Shepard, do hereby affirm that the contents of this document are true to the best of my knowledge.

Signed: Brian Shepard (e-signature)

APPLICATION FOR AUTHORITY
OF

PEERING HUB INC.

(Insert Corporate Name)

Under Section 1304 of the Business Corporation Law

FIRST: The name of the corporation is:

PEERING HUB INC.

If the name does not contain a required word or abbreviation indicating corporate character pursuant to § 301 of the Business Corporation Law, the corporation agrees to add the word or abbreviation _____ to the end of its name for use in this state.

(Do not complete this section unless the corporation's true name is not available pursuant to §301 or §302 of the Business Corporation Law.) The fictitious name under which the corporation will do business in New York is:

SECOND: The jurisdiction in which the corporation was organized is:

Delaware. The date of its incorporation is: 12/02/2014

THIRD: This corporation is formed to engage in any lawful act or activity for which a corporation may be organized under the Business Corporation Law, provided that it is not formed to engage in any act or activity requiring the consent or approval of any state official, department, board, agency or other body without such consent or approval first being obtained.

FOURTH: The county within the state in which the office of the corporation is to be located is:

Rockland

(A county in New York State is required. Please note that the corporation is not required to have an actual physical office in this state.)

FIFTH: The Secretary of State is designated as agent of the corporation upon whom process against the corporation may be served. The address to which the Secretary of State shall mail a copy of any process accepted on behalf of the corporation is:

c/o Corporate Creations Network Inc.
15 North Mill Street
Nyack, NY 10960

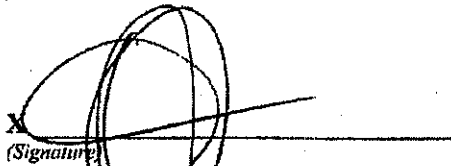

SIXTH: (optional) The name and street address within this state of the registered agent of the corporation upon whom and at which process against the corporation may be served is:

Corporate Creations Network Inc.
15 North Mill Street
Nyack, NY 10960

SEVENTH: *(Check the statement that applies.)*

The foreign corporation has not since its incorporation or since the date its authority to do business in New York was last surrendered, engaged in any activity in this state.

The consent of the New York State Tax Commission is attached.

A handwritten signature in black ink, consisting of several overlapping loops and a horizontal line extending to the right, is written over a horizontal line. To the left of the signature, there is a small 'X' and the word '(Signature)' in parentheses.

General description of the services to be offered and how it would enhance competition in the area to be served.

By:

Brian Shepard - President & CEO
3524 Silverside Road, Suite 35B, Wilmington, DE 19810
Tel: 469-513-0000 Fax: 469-513-0001
Email: brian.shepard@peeringhub.com

Exhibit B

Peering Hub Inc. will provide all forms of resold and facilities-based local exchange and interexchange telecommunications services and access services throughout the State of New York. Such services may include all forms of local exchange and interexchange telecommunications services to business customers and residential customers including, but not limited to, basic exchange services, private branch exchange services, high-speed data, frame relay, interconnection, non-jurisdictional information services directory assistance, custom calling features, blocking/unblocking services, directory listings, and emergency calling services. PEERING HUB INC. will operate a combination of its own facilities and those leased from third parties. These services will increase competition as they will offer businesses and consumers a competitive alternative to the existing providers in the state for advanced data, and voice services. Granting PEERING HUB INC. a CPCN to offer all forms of service, including but not limited to local exchange and interexchange telecommunications services, and access services will promote the public interest by increasing telecommunications service competition in New York. PEERING HUB INC. will provide customers with high quality, cost effective telecommunications services. In addition to driving prices closer to costs, thereby ensuring just and reasonable rates, enhanced competition also promotes efficiency in the delivery of services and spurs development of new services. These benefits work to maximize the public interest by providing continuing incentives for carriers to reduce costs while simultaneously promoting the availability of potentially desirable services.

Exhibit C

Peering Hub Inc. will provide access to public safety/emergency telephone services and access to the statewide relay system through its facilities-based system or through certificated underlying local exchange and interexchange carriers. PEERING HUB INC. will offer Lifeline services to qualifying customers.

PEERING HUB INC. also understands and hereby agrees to comply with the local exchange carrier requirements imposed on all local exchange carriers by the Commission's Competition II Order in Case 94-C-0095, issued May 22, 1996 (the "Order"). Additionally, PEERING HUB INC. agrees to abide by any rules governing the provision of local exchange services subsequently issued by the Commission.

IntraLATA presubscription implementation plan

By:

Brian Shepard - President & CEO
3524 Silverside Road, Suite 35B, Wilmington, DE 19810
Tel: 469-513-0000 Fax: 469-513-0001
Email: brian.shepard@peeringhub.com

IntraLATA presubscription implementation plan

I. INTRODUCTION

A. Peering Hub Inc. ("Company") will give end user customers the opportunity to designate a carrier for their intraLATA toll call traffic in those market areas where Company is a local exchange provider. IntraLATA toll calls will automatically be directed to the designated carrier without the customer having to dial an access code.

1. Policies

A. Peering Hub Inc. ("Company") will in no way restrict, or interfere with, subscribers' ability to access competitive providers of intraLATA or interLATA toll services.

B. All eligible Company end user telephone line numbers will be presubscribed as dictated by the end user assigned to the line.

2. Carrier Information

A. Interexchange carriers will have the option of offering intraLATA service only or intraLATA and interLATA service.

B. Interexchange carriers will have the option of participating in all market areas or in a specific market area.

C. Interexchange carriers will be required to return a completed Non-Disclosure Agreement and Participation Agreement(s).

D. Company will not participate in billing disputes for intraLATA service between interexchange carriers and their customers.

E. Company representatives will not initiate or accept three-way calls from interexchange carriers to discuss pre-subscription.

F. Carriers wishing to participate will be requested to submit Access Service Requests/Translation Questionnaires to the Access Tandem owner and to Company.

G. Company will maintain a current list of participating intraLATA toll service providers, including carrier telephone numbers, and will provide this list to customers upon request. All listed intraLATA toll service providers must have an approved toll tariff on file with the Department.

Exhibit D

3. Call Eligibility Dialing Plan

A. A customer of Company will have calls routed according to the extent Company deploys and offers two-PIC technology in its switches and offers intraLATA toll dialing parity via the two-PIC method.

B. In accordance with NYNEX ILP, D.P.U. 96-106 at 14, certain types of calls may continue to be carried by the LEC for completion, rather than be routed automatically to the toll carrier selected by the customer.

4. Network Information

A. Interexchange carriers will be subject to such network specifications as may be imposed by Company.

B. All originating intraLATA calls will initially be routed via the Local Exchange Carrier (LEC) Access Tandem(s).

5. Customer Contact Information

A. To the extent that there are participating Carriers, new Customers will be educated and informed of their ability to select interLATA and intraLATA toll providers at the time they request service from a Company representative. Company will educate its customers by explaining the differences between local, intra- and interLATA toll calls and by clearly notifying the Customer that he or she may select a different, or the same, Carrier for each call category.

B. Company's Customer contact representatives will process Customer initiated PIC selections to Company or to a participating intraLATA Carrier. Participating Carriers will have the option of allowing Company's representative to process PIC requests on their behalf.

C. For new Customers, Company will accept as a bona fide PIC a selection of "NO PIC" as a choice. Company will ensure that "NO PIC" Customers will have access code dialing capability to reach participating intraLATA Carriers. NO PIC Customers will be informed of their ability to complete intraLATA toll calls via access codes. Company will ensure that NO PIC Customer intraLATA toll traffic is not automatically routed to the incumbent local exchange carrier.

D. Company Customer contact representatives will not comment on a Customer's choice of its intraLATA PIC when the Customer contacts Company to change the PIC. Company Customer contact representatives will respond to customer inquiries about intraLATA Carriers in a competitively neutral fashion.

E. If the intraLATA toll Carrier selected by the customer permits Company to process orders on its behalf, Company will accept the PIC change request.

Exhibit D

F. Company representatives will not discuss alternative Carrier rates or services.

6. Presubscription Information

A. Company may not impose a PIC change charge on its customers.

B. New line Customers, including Customers adding lines, will have the opportunity to select a participating Carrier, or they will be assigned a NO PIC designation. Customers assigned a NO PIC designation as set forth in this paragraph will be required to dial an access code to reach an intraLATA carrier's network.

C. If a Company Customer denies requesting a change in intraLATA toll providers as submitted by an intraLATA Carrier, and the intraLATA carrier is unable to produce evidence that the PIC change was properly executed pursuant to Department and FCC PIC change rules, the intraLATA carrier will be assessed a \$75.00 charge for the unauthorized PIC change and the PIC will be changed as per the Customer's request, in addition to any charges assessed by Company or the underlying Carrier or other penalties authorized by law.

D. Interexchange carriers may submit PIC changes to Company via a fax/paper interface.

E. Company will process intraLATA PIC selections in the same manner and under the same intervals of time as interLATA PIC changes.

F. Carriers will be required to submit PIC changes using the Customer Account Record Exchange (CARE) format via paper medium. Company will provide carriers with PIC order confirmation and reject information using the CARE format. Specific details regarding CARE will be provided to participating carriers.

G. For Customers who change their local service provider from the incumbent LEC to Company and retain their incumbent LEC telephone number(s), Company, as part of the CARE PIC process, will provide the selected intraLATA carrier with both the retained (incumbent LEC) telephone number and Company telephone number.
