RE: Certificate of Convenience and Necessity to Provide Intrastate Telecommunications Service in the State of New York.

Dear Secretary Phillips:

Wraithtek, Inc. (“Wraithtek”) respectfully requests that it be granted status by a Certificate of Convenience and Necessity to provide intrastate telecommunications service in the State of New York.

1) Applicant Name and Business Structure:

Applicant’s legal name is Wraithtek, Inc. Wraithtek is currently registered as a domestic corporation in the State of New York.

2) Contact Persons

The contact person for all questions regarding this application is Richard Frank, General Manager of Fiber Planning/Aerial Management of Wraithtek, 518-491-7768, rffrank2468@aol.com, or Nicholas Castine, President/CEO of Wraithtek, 716-472-8106, nick@bitswny.com. The mailing address for Wraithtek is 5572 Woodbine Court, Williamsville, NY 14221.

3) Description of Facilities

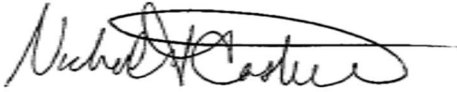

Pursuant to the Telecommunications Act of 1996, Wraithtek intends to provide fiber optics for internet access and some resale to residential/commercial consumers in the State of New York. As such, Wraithtek will construct its own facilities or install equipment on a case by case basis. Wraithtek does not intend to provide independent voice services.

Wherefore, Wraithtek requests that its application for a Certificate of Convenience and Necessity in the State of New York be granted. Wraithtek is confident that approval of such an application is in the interests of New York State, as its entry into the market will foster competition and cause existing providers to provide more competitive rates and improved customer service. Approval of Wraithtek will guarantee not only a new option for consumers but will also contribute to the economic development and well-being of the State.
