Date: [Date]

To: Applicable utility companies, energy suppliers and account service providers

Re: Authorization for Our Energy Manager, LLC

To Whom It May Concern:

[Customer Legal Name] (the "Customer"), including the facilities and affiliated entities identified in the attached account schedule, has engaged Our Energy Manager, LLC ("OEM") to assist with managing its energy costs.

OEM assists the Customer with tariff reviews, utility billing audits, reporting, account administration, and communications with utilities and energy suppliers regarding billing, usage, rates, tariffs, supply contracts and related utility matters.

Effective [Effective Date], the Customer authorizes OEM to request and receive historical utility usage and billing information, rate and tariff information, contract information and other account records reasonably necessary for those services. OEM may communicate with the Customer's utility and energy providers and assist with requests for proposals and related reviews.

Limits on authority: OEM may not bind the Customer, execute a supply agreement, change service providers, or make other contractual commitments without the Customer's express prior written consent.

This authorization ends on [Expiration Date], unless revoked earlier by the Customer in writing, subject to any requirements of the applicable utility or supplier.

Your assistance and cooperation are appreciated.
