COVER LETTER

Hon. Michelle Phillips
Secretary to the Commission
New York State Public Service Commission
Three Empire State Plaza Albany, New York 12223

Re: Matter Number: 26-01149 Case Number: 26-G-0384

Petition of The Brooklyn Union Gas Company d/b/a National Grid NY and KeySpan Gas East Corporation d/b/a National Grid for Authorization to Permit their Existing Base Tariff Rates to Remain in Effect During the Year Ending March 31, 2028 and Other Related Relief.

National Grid's White Papers Provided to Sane Energy Project

Dear Secretary Phillips and Parties:

Please find attached the FY28 KEDNY Petition White Papers referenced in correspondence. These White Papers were provided to Sane Energy Project's Director by National Grid on a USB thumb drive via the U.S. Postal Service, after National Grid advised that certain workpapers referenced in its response were too voluminous to send by email.

We respectfully request that the attached supplemental comment and accompanying White Papers be included in the record for Case 26-G-0384.

Sane Energy Project is submitting these materials to ensure that all parties have the opportunity to review the information referenced in our supplemental comment and to promote equal access to materials relevant to this proceeding.

As noted in our comments, Sane Energy Project has not been granted access to National Grid's DREAM server, and not all parties have been afforded equal access to the Company's materials through that platform. We also note that this underscores the problem with allowing an investor-owned utility to be responsible for creating and administering an access point for correspondence and materials in a proceeding.

Respectfully submitted,

Kim Fraczek, Director, Sane Energy Project
