

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 23-E-0081 - Petition of New York Transco LLC for an Expedited Order Granting a Certificate of Public Convenience and Necessity Pursuant to Section 68 of The Public Service Law.

NOTICE INVITING PUBLIC COMMENT AND ANNOUNCING
PUBLIC STATEMENT HEARINGS AND PROCEDURAL CONFERENCE

(Issued February 22, 2023)

Public comment is invited concerning a petition filed on February 9, 2023, by New York Transco LLC (Transco) for a Certificate of Public Convenience and Necessity (CPCN) pursuant to Section 68 of the Public Service Law (PSL). If issued, the CPCN would authorize Transco to construct a new Phase Angle Regulator (PAR) station (PAR Station) in the Town of Dover, Dutchess County, New York. Transco requests expedited consideration of its petition stating that it must clear trees on the site for the PAR Station in advance of a New York State Department of Environmental Conservation-required time of year restriction that commences on March 31, 2023.

The PAR Station will interconnect with Consolidated Edison Company of New York, Inc.'s existing transmission line #398 between structures L-61 and L-62 between the Cricket Valley Energy Center Substation and the Eversource Long Mountain Substation. The PAR Station will be located on an approximately 16.3-acre parcel at 2238 Route 22, on the southeast of the intersection of State Route 22 and State Route 26, east of the Cricket Valley Energy Center and south of Line 398. The Par Station's equipment includes two parallel 750 Mega Volt Ampere (MVA) PARs with circuit breakers and bypass switches, one A-frame dead-end structure, rigid bus support structures, miscellaneous yard equipment, a control house building, and a

spare PAR. Transco states that the PAR Station is necessary to address thermal degradation on the New York - New England intertie that would otherwise prevent another transmission project, the New York Energy Solution Project,¹ from operating at its full capacity. Transco has received a special use permit and site plan approval from the Town of Dover for its PAR Station.
