Dear Ms. Zaludek,

The letter is provided in compliance with the Commission's Opinion No. 94 - 26 in Case No. 93-G-0932 and 89-G-0126 wherein quarterly information relating to streaming, packaged sales and capacity release is required to be reported to the Commission. On behalf of New York State Electric & Gas Corporation (NYSEG), I am requesting that you accept the following documentation under "**Trade Secret**" protection under 16 NYCRR, Section 6.3 of the Public Service Commission's Rules of Procedures:

Summary of Off-System Packaged Sales for the month of January 2026.
Summary of Off-System Packaged Sales for the month of February 2026.
Summary of Off-System Packaged Sales for the month of March 2026.

The information contained in the summary for which "Trade Secret" protection has been requested reflects deal-specific information and merits confidential treatment. If this information is made available for public inspection, it could adversely affect the competitive positions of NYSEG. Releasing the costs and prices relating to a specific deal could compromise NYSEG's position with its competitors. Additionally, it will weaken NYSEG's position during future negotiations with individual customers. This would have a detrimental impact on both NYSEG and its other customers.

If you have any questions or require any further information, please do not hesitate to call me at (607) 644-8773.

Respectfully submitted,

Lori A. Cole
