RE: Green Mountain Energy Company – Revised Eligibility

Dear Ms. Schorr:

Thank you for submitting the recent updates to your ESCO Retail Access Application Package pursuant to the Public Service Commission's December 2019 Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process. This letter is to inform you that the documentation submitted has been reviewed by Staff and determined to be in compliance with the Uniform Business Practices and the requirements set forth in the December 2019 Commission Order. Therefore, Staff acknowledges Green Mountain Energy Company is deemed eligible to serve a Fixed and Variable Renewable Product to electric residential and small non-residential customers (mass market customers) in New York State. If you currently have eligibility to serve large commercial and industrial customers, that eligibility has not been affected.

Be advised that to maintain your ESCO eligibility, you must notify Staff of any substantive legal, financial, or business-related changes to your company as they occur. If your business plan changes and you decide to expand your service, you must immediately submit the appropriate documentation for Staff review and determination of how it affects your current eligibility.

Please do not hesitate to contact me if you have any further questions or concerns at (518) 473-2047 or [jessica.phalen@dps.ny.gov](mailto:jessica.phalen@dps.ny.gov).

Sincerely,

A handwritten signature in cursive script that reads "Jessica Phalen".
