PUBLIC SERVICE COMMISSION

CASE 24-E-0376 - Tariff Filing by Consolidated Edison Company of New York, Inc. to Modify Its Electronic Tariff Schedule P.S.C. No. 10 - Electricity, Regarding Customer Responsibility Related to Required Transformers and Associated Equipment.

NOTICE SOLICITING COMMENTS

(Issued December 23, 2024)

On June 25, 2024, in this proceeding, Consolidated Edison Company of New York, Inc. (Con Edison or the Company) filed amendments to its Schedule for Electricity Service, P.S.C. No. 10 - Electricity (Electric tariff). The amendments proposed to modify General Rule 5.6, Transformers and Associated Equipment, to, among other things, discontinue the installation of transformers in the public right-of-way when the transformers are solely necessary for the adequate supply of service to an individual customer.

In response to comments received concerning the June 2024 filing, on November 7, 2024, Con Edison filed reply comments and proposed revised draft tariff leaves with updated language reducing the scope of its initially proposed modifications. Con Edison states that its November 2024 filing should assuage most concerns that stakeholders raised in response to its June 25 filing.

PLEASE TAKE NOTICE that comments are requested by **February 6, 2025**, from stakeholders and other interested entities concerning (1) the Company's November 2024 revised draft tariff leaves and reply comments and (2) the content of the initial comments that were filed in response to Con Edison's June 2024 proposed tariff amendments.
