Re: Case 23-M-0287 - Proceeding on Motion of the Commission to
Seek Consequences against Mpower Energy LLC for Violations
of the Uniform Business Practices.

Dear Natara Feller,

I received your October 20, 2026 letter filed on behalf of Mpower Energy LLC (Mpower) requesting an extension of time to comply with the directives set forth in Ordering Clauses 2 and 3 of the Commission's *Order Revoking Mpower Energy LLC's Eligibility to Serve Customers in New York* (Order) issued September 22, 2026, in this proceeding. These clauses direct Mpower to return its customers to full utility service in the utility service territories it operates, with transfers occurring on the customers' regularly scheduled meter reading dates, and to switch any customers who remain with Mpower Energy LLC to full utility service by November 23, 2026.

On October 22, 2026, Mpower filed a request for rehearing and reconsideration of the Order (Rehearing Petition) in this proceeding. In your October 20 letter, you request an extension of time to comply with the Order that is equal to 60 days after the Commission issues a decision on the Rehearing Petition. You assert that granting the requested extension will serve the public interest by allowing the Commission's administrative review process to proceed in an orderly manner before judicial intervention becomes necessary. You contend that customers would remain protected during the pendency of the rehearing proceeding because Mpower has voluntarily suspended its sales activity and will not enroll new customers while the Commission's review remains pending. In addition, you report that Department staff does not object to this extension request.

Please be advised that the request is granted, in part, and denied, in part. Mpower Energy LLC is granted an extension of the deadlines set forth in Ordering Clauses 2 and 3 of the Order on the condition that it continues its voluntary suspension of its sales activity and continues to not enroll new customers while the Commission's review remains pending. However, the extension granted by this ruling will run only until such time as the Commission issues its decision in response to the Rehearing Petition, as it is anticipated that the Commission will address any remaining compliance issues, as needed, when it issues said decision. The extension

Natara G. Feller, Esq.

described in this ruling is granted to promote the fair, orderly and efficient conduct of this proceeding.

This ruling will be posted on the Department's website.

Very truly yours,
