 - IP3 Decommissioning Safety Analysis Report biennial update. (NRC).
 - Reflects changes based on all fuel moved to ISFSI.
 - Holtec mid-year financial presentation (State JP requirement)
 - All NRC and State funding requirements are met.

DPS Oversight Activities

- State regulators have been present at Holtec monthly project meetings, and Holtec has provided the information required under the Joint Proposal at each meeting.
- Notable on-site observations:
 - Demolition activities:
 - U2 and U3 Transformers
 - Outage One Stop Shop
 - Meteorological Tower
 - Training Area surveys

DEC Oversight Activities: Consent Order

Remedial Investigation Scoping Work Plan

- Approved by DEC on August 11, 2022 and updated by Holtec on May 9, 2024.

Remedial Investigation (RI) Work Plans

- Investigations will be conducted in a series of RI Work Plans.
- Approved work plans will be announced via fact sheet distributed to the public.
- Work plans can be found linked at the bottom of DEC's Indian Point Decommissioning web page: <https://www.dec.ny.gov/chemical/126311.html>

AOC 118 - LaFarge

- DEC approved the draft Remedial Investigation Work Plan for the IPEC Lafarge / Former Spectra Construction Area (AOC 118) on October 23, 2023.
- Holtec completed field work in May 2024.
- Holtec submitted the Remedial Investigation Report for AOC 118 to DEC.
- DEC provided a second round of comments on the revised Remedial Investigation Report on November 25, 2025.
- No other RI work plans have been submitted to DEC.

DEC Oversight Activities – Facility Permits

- SPDES # NY0004472 – Governs Discharges from Main Facility
 - Expired on April 30, 2022. Holtec submitted a timely renewal application. Facility continues to have coverage under the existing SPDES permit pursuant to the State Administrative Procedure Law.
- SPDES #NY0250414 – Governs stormwater discharges from the Unit 2 transformer moat
 - Expired on March 31, 2023. Holtec submitted a timely renewal application. Facility continues to have coverage under the existing SPDES permit pursuant to the State Administrative Procedure Law.
 - After requests from the public, DEC held processing of this application in order to combine both SPDES permits.
- DEC has reviewed the permit application.
- DEC is awaiting a final court decision on the Save the Hudson litigation before providing a Draft SPDES Permit for public review and comment.

DEC Regulations: 6 NYCRR Part 601

Water Withdrawal Permitting, Reporting and Registration

- DEC proposed updates to Part 601 to improve regulation clarity, consistency, and efficiency based on valuable input from the regulated community, industry groups, Department staff, and other stakeholders.
- 6 NYCRR §601.9(i) contains an existing permitting exemption for direct withdrawals from the Atlantic Ocean or Long Island Sound.
- DEC proposed a regulatory revision to expand this exemption to saline waters classified in Chapter X, Subchapter B. This includes the Lower Hudson River, up to the northern boundary of Westchester and Rockland counties.

DEC Regulations: 6 NYCRR Part 601 Water Withdrawal Permitting, Reporting and Registration (cont'd)

- After review of public comments, DEC made the following changes to this section of the regulations:
 - (i) direct withdrawals from the Atlantic Ocean, Long Island Sound, or saline surface waters classified in 6NYCRR Chapter X, Subchapter B, provided that with respect to direct water withdrawals from any of these waters, a SPDES individual permit is in effect if water is withdrawn for cooling purposes and provided that the purpose of water withdrawal is not for public water supply or desalination.*
- DEC adopted the regulations on November 14, 2025
- For More Information including a copy of express Terms please see:
