Albany, NY 12223

**Re: Case 15-C-0168 – Petition of Neustar, Inc. for Approval of  
NPA Relief Plan for the 212/646/917 Area Codes**

Dear Mr. Hume:

On behalf of the telecommunications industry, Neustar, Inc., in its role at the North American Numbering Plan Administrator, hereby submits a copy of the planning letter (“Planning Letter”) for the New York 212/646/917 numbering plan area (“NPA”). This Planning Letter sets forth the industry’s consensus decisions with regard to implementation dates and the dialing plan for the implementation of the 332 NPA as the overlay code for relief of the 212/646/917 NPA.

In compliance with Ordering Paragraph 1 of the Commission’s November 23, 2015 Order in the above-captioned proceeding, the Planning Letter contains a joint plan outlining the steps necessary to activate the new 332 area code. There is no change to the existing dialing plan for the City of New York.

Thank you for your attention to this matter. Please contact me if you have any questions concerning this filing.

Respectfully submitted,

/s/

Kimberly Wheeler Miller  
Counsel for  
North American Numbering Plan Administrator  
Neustar, Inc.

Subject: NPA 332 to Overlay NPA 212/646/917 (New York)  
Related Previous Planning Letters: None

---

### General Description

On November 19, 2015 the State of New York Public Service Commission in its order of Case 15-C-0168, approved an all services overlay as the relief method for the 212/646/917 NPA. The 212/646/917 NPA serves the Manhattan area of New York City. The new **332 NPA** will serve the rate center New York City Zone 01 which is the same geographic area currently served by the existing 212/646/917 NPA.

### Implementation of Relief Plan

Implementation of the overlay of the 332 NPA is as follows:

|                                                                                | Date               |
|--------------------------------------------------------------------------------|--------------------|
| Start of Network Preparation and Customer Education                            | September 10, 2016 |
| Completion of Network Preparation and Customer Education                       | May 10, 2017       |
| Earliest new NPA central office code activation date *                         | June 10, 2017      |
| Earliest date central office codes in the new NPA may be ordered through NANPA | April 4, 2017      |

\* Effective Date of the New 332 NPA

### Central Office Code Listings and NPA Map

A rate center map of the 212/646/917/332 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at [www.nanpa.com](http://www.nanpa.com), iconectiv's LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and NPA NXX Activity Guide is available by license contract from Telecom Routing Administration (TRA), at 732-699-6700.

## Dialing Plan

Since 1 + 10-digit dialing is already in place for this area, no permissive 10-digit dialing period is necessary.

The dialing plan for the 212/646/917 and 332 NPAs will be as follows:

| Type of call                                           | Call terminating in | Dialing plan                      |
|--------------------------------------------------------|---------------------|-----------------------------------|
| Local Call                                             | Home NPA            | 1 + 10-digits (1 + NPA-NXX-XXXX)* |
|                                                        | Foreign NPA         | 1 + 10-digits (1 + NPA-NXX-XXXX)  |
| Toll Call                                              | FNPA                | 1 + 10-digits (1 + NPA-NXX-XXXX)  |
| Operator Services<br>Credit card, collect, third party | HNPA or FNPA        | 0 + 10-digits (0 + NPA-NXX-XXXX)  |

\*Permissively as 10-digits (Home NPA-NXX-XXXX)

## Network Testing

All international and domestic carriers should ensure that the 332 NPA has been activated throughout their networks prior to June 10, 2017. The test number to verify the routing to the new NPA will be in service beginning March 10, 2017 through July 10, 2017. The test number to verify the routing to the 332 NPA is: 332-990-8378 (TEST). A recorded announcement will indicate that the test call has been successfully completed.

## General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

## Contact Information

General questions regarding the relief of the 212/646/917 NPA overlay should be directed to Joe Cocke, Senior NPA Relief Planner NANPA, on 571-434-5690. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
