RE: Case 17-E-0603, In the Matter of Maintenance Tier Applications

Dear Secretary Burgess:

We are asking you to rule in favor of the ReEnergy Lyonsdale petition for an extended maintenance Tier award that would allow the plant to continue running after December 31, 2017. Our company is a family run business which has been supplying chips to the plant since it started operating over 20 years ago and has been our main market since then. Our employees consist of brothers, sons, grandsons and a couple hired workers who have been with us for years. The chance Lyonsdale shuts down the future for a family operation like ours is in jeopardy. Again we urge you to vote in favor allowing ReEnergy to put their repurposing plan in place.

Sincerely Yours
