Case 19-G-0310 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of KeySpan Gas East Corporation d/b/a National Grid for Gas Service

Notice of Public Meeting – Southeast Suffolk Infrastructure Project

Dear Secretary Phillips:

The Brooklyn Union Gas Company d/b/a National Grid NY and KeySpan Gas East Corporation d/b/a National Grid (the “Companies”) submit this Notice of Meeting pursuant to the Joint Proposal adopted by the Public Service Commission (“Commission”) on August 12, 2021 in the above-referenced matter. The Joint Proposal identified a set of on-system infrastructure investments designed to enhance reliability and address the supply/demand gap and in the Companies’ downstate New York service territories. The Joint Proposal provides a mechanism for independent assessment of these projects as a condition of cost recovery over the term of the rate plan.

On February 8, 2022, the Companies filed a cost recovery report regarding Phase 1 of the Southeast Suffolk Infrastructure Project, one of the projects identified in the Joint Proposal. The Southeast Suffolk Infrastructure Project is a reliability project specifically designed to address system requirements and serve customers on eastern Long Island. Phase 1 of the Southeast Suffolk Infrastructure Project consists of an approximately 1.6 mile transmission main with a regulator station and associated distribution facilities, that has been largely completed, with the gas main portions of the project being placed in service in September 2021 and the regulator station placed in service in February 2022.

As described in Section IV.5.3 of the Joint Proposal, the Companies agreed to conduct at least one stakeholder meeting for the purpose of soliciting public input on the project within 30 days of filing the cost recovery report. Accordingly, the Companies are scheduling two virtual public meetings regarding the Southeast Suffolk Infrastructure Project.

Interested parties are invited to participate in virtual meetings on **Thursday, March 3rd, 2022** from **3pm – 5pm** and **6pm – 8pm**, using the Participant Dial in and Webex (attendees must call in for audio and join the Webex for video) information below. Two meetings are being conducted to provide scheduling flexibility for interested parties. The format and content of both meetings will be the same.
