Re: Case 18-E-0138 – Proceeding on Motion of the Commission Regarding Electric
Vehicle Supply Equipment and Infrastructure.

Dear Secretary Phillips,

Staff respectfully requests an extension of the deadline to convene a technical conference to consider interoperability and universal accessibility of charger hardware in 2024, pursuant to Ordering Clause 22 in the Midpoint Review Order, issued in Case 18-E-0138 on November 16, 2023. Staff has been made aware of an event hosted by the Joint Office of Energy and Transportation on the same topic and date as the Department of Public Service technical conference. To ensure adequate participation and discussion, Staff would like to avoid hosting an overlapping technical conference. Staff requests the deadline to convene a technical conference to be extended to March 1, 2025.

Please feel free to contact me at (518) 408-1441 or Stephanie.McDermott@dps.ny.gov should you have any questions.

Sincerely,

/s/ Stephanie S. McDermott
