**Re: New York Power Authority and Niagara Mohawk Power Corporation  
d/b/a National Grid  
Case No.: 21-T-0340**

Dear Secretary Phillips:

We represent the Town of Burke in the above referenced matter. At this time, we are not able to support the Joint Proposal, as there are still outstanding issues under negotiation between the Town of Burke and the New York Power Authority (“NYPA”) concerning the resolution of issues associated with potential impacts to roads maintained by the Town of Burke. We are in negotiations with NYPA and hope to conclude those negotiations in the near term. In the absence of finalizing those negotiations in a manner acceptable to the Town, we reserve all rights to request a hearing concerning road impact issues.

Thank you for your attention to this matter.

Very truly yours,

Thomas S. West
