

STATE OF NEW YORK  
PUBLIC SERVICE COMMISSION

CASE 17-G-0011 - In the Matter of a Review of Tariff Provisions  
Regarding Natural Gas Service to Electric  
Generators.

NOTICE OF TECHNICAL CONFERENCE

(Issued March 25, 2026)

In its Order Directing Modifications to Tariff Provisions Applicable to Electric Generators, issued October 17, 2025, in the above-captioned proceeding, the Public Service Commission adopted a new rate structure and associated provisions for interruptible gas transportation service to electric generators and directed Department of Public Service staff to hold a technical conference. The purpose of the conference is to explore the technical aspects and appropriate rate treatment of providing electric generators a minimal level of firm service for ignition gas while providing the same generators with interruptible transportation service for their remaining requirements.

**PLEASE TAKE NOTICE** that a virtual technical conference will be held to provide stakeholders with the opportunity to discuss rate treatment for firm service of gas for space heating and ignition purposes. Staff will provide questions for discussion in advance of the technical conference. The information for the technical conference is as follows:

**DATE: Wednesday, April 8, 2026**

**TIME: 1:00 p.m.**

**Electronic Access:**
