Regarding: 516 Area Code Relief Outreach and Education Plan; Case 21-C-0473

Dear Secretary Phillips,

I am respectfully submitting this cover letter to comply with the New York Public Service Commission's Order in Case 21-C-0473 with regard to area code 516 relief and the associated request for a customer outreach and education plan on behalf of Bandwidth.com CLEC, LLC (Bandwidth CLEC).

Bandwidth CLEC does not have any customers or end users in this area code. Therefore, it is our understanding that it is not necessary to prepare an outreach and education plan. And further, this letter advising of our lack of customers in the 516 area code satisfies the request for the associated filing.

Should you have any questions please don't hesitate to let me know.

Kindest regards,

/s/ LJ Freeman
