Comments

I want to express my objections to the huge rate increase proposed. In fact, I see no reason for any rate increase. We already an outlandish fee for "Water Meter Rental" which is just a profit maker. I lived in Southern Westchester for many years and received water from New Rochelle Water Company, later United Water and I paid less than 1/4 of the amount I now pay for water. Please do not allow the proposed rate increase at Heritage Hills.

Comments

The Heritage Hills Water Co. is seeking a FORTY-SIX% rate increase. Their rates are already high and this request amounts to legalized robbery. Please reject it; it is outrageous!

Sincerely,

Daniel S. and Sylvia Y. Dixler
