Participating Member Agreement

The undersigned hereby applies for admission as a **Participating Member** of Dig Safely New York, Inc. ("Dig Safely"), located at 6706 Collamer Road, East Syracuse, New York 13057 and, in connection therewith, **covenants and agrees** when accepted as a Participating Member:

- To participate actively in the work of Dig Safely, to end that (a) Dig Safely operating policies, plans, and procedures can be coordinated with those of applicant and (b) Dig Safely can provide with maximum effectiveness and efficiency the communications service which applicant seeks in becoming a Participating Member;
- 2. To pay promptly the charges as fixed annually by Dig Safely Board of Directors (as described below);
- 3. To waive and disclaim, and applicant hereby does waive and disclaim, any and all claims for damages arising solely out of the operation of the communications service to be provided by Dig Safely, including claims for damage resulting from negligence in the operation of said communications service by Dig Safely, its agents, servants, or employees from and after the date of applicant's acceptance as a Participating Member;
- 4. To abide by the by-laws and operating procedures of Dig Safely;

Applicant: Eight Point Wind, LLC

NOTE

Office hours and holidays are used to configure voice calls and ticket deliveries. Please be aware if your office is on a Holiday, members are still responsible to respond to location requests that are due. If you have any questions, please reach out to Dig Safely New York Member Support department.

Contacts

The following is a list the contact names within the service area and a description of their responsibilities. Mapping and Positive Response contacts will have usernames and passwords to access our website to respond to tickets or create maps. We do not keep passwords; users can request a temporary through the website when logging in if necessary. For your security, please remember usernames and passwords should never be shared.

Stakeout Contact

The Stakeout contact name and number will be listed on each location request as the point of contact for the excavator. Excavators may call with questions about the mark out or a lack of a response by the Service Area.

There is only one Stakeout contact per service area and is required.

The Stakeout contact's name:

Robert Askew

Design Contact

The Design contact is the point of contact for surveyors, engineers and others who are requesting pre-excavation information through a Design ticket. This contacts name and phone number will be included on the Design ticket for the requestor. There is only one Design contact per service area and is required.

The Design contact's name:

Zackry Holdaway

Disaster Recovery Contact

The Disaster Recovery contact is the person who would be called in the event that Dig Safely New York experiences a serious technical issue such as a system crash or natural disaster. This contact would be the person Dig Safely New York would call to dispatch an emergency request. The Disaster Recovery Contact must be available on a 24/7 basis. There is only one Disaster Recovery Contact and it is required.

Disaster Recovery contact's name:

Jason Hunter

Mapping Contact

The Mapping contact is responsible for configuration and maintenance of the geographic information of the underground facilities for the service area. This information is relied upon to determine if the service area will receive the location request. You may assign more than one mapping contact but **only one** can access the map at one time. So, we suggest no more than two.

Mapping Contact's name: Zackry Holdaway

Mapping Contact's name: Robin Dunn

Mapping Contact's name:

Positive Response Contact Zackry Holdaway

This contact will be the person who enters the response for each of the location requests the service area receives. Each service area requires at least one positive response contact, but we suggest no more than three. Members, who use a locating service or a service provider and enter responses through their system, will not need a positive response contact.

Positive Response Contact: Zackry Holdaway

Positive Response Contact: Robin Dunn

Positive Response Contact:

Member Responsibilities Sheet

Member Information and Changes:

It is the responsibility of the Member to notify Dig Safely New York's Member Support whenever there is a change to their profile. Please be sure to provide proper time, at least 10 business days prior to any major changes. Such as switching service providers, locate companies, company dissolving, and company name change due to being a timely process for Dig Safely New York and the Member.

Member profiles and additional documents are sent to the Member by Dig Safely New York and should be returned in a timely manner. It is important to have the most up to date information on file.

Positive Response (Automated Positive Response or APR)

Automated Positive Response (APR) is a system established by the one-call notification system to furnish a single point of contact between member operators and excavators for the purpose of communicating the status of an excavation location request as provided by the member operators. As of January 4, 2012, the NYCRR Part 753 was amended; part of the amendment is the inclusion of Automated Positive Response (APR). Effective May 31, 2012: all members of Dig Safely New York, Inc. must use the APR system.

APR Contact Responsibilities

- Members must respond to all tickets their company receives.
- Enter the response status prior to the start date and time listed on the location request.
- If there is more than one department, collect all responses from your departments and provide one response to the APR system.
- When entering response codes on the web comments can be entered. Please keep in mind excavators may not see or hear the comment if they use the phone to retrieve their response.
- If a response code is changed, the member is responsible to contact the excavator directly and make them aware of the change.
- If a delay code such code 54 and 55 is used the members must contact the excavator directly to make arrangements with the excavator.
- We encourage our users not to share usernames and passwords.
- Members are responsible to monitor their tickets daily to make sure they receive and respond to all tickets on time.

Stay Familiar with Dig Safely New York

As this is an ever-changing industry, it is also recommended Members become familiar with the responsibilities of facility owners as defined in **New York State Code Rule 753**. This information can be found on our website www.digsafelvnewyork.com

Return your Profile to:

Dig Safely New York Member Support 6067 Collamer Rd East Syracuse, NY 13057

Email: database@digsafelynewyork.com

Member Utilities with questions regarding their membership, please visit https://my.digsafelynewyork.com and select the Exactix Support Member Utilities to submit a service desk request.

If you are a member who is also an excavator and would like to enter your location requests online, please go to: https://my.digsafelynewyork.com and select the Exactix Support for Excavators and complete a service desk request to get permissions added.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

Sign

Here

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- 1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- 2. Certify that you are not subject to backup withholding, or
- 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- · An estate (other than a foreign estate), or

Date ▶

A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

Three-Part Billing Structure:

Part I: Unscreened Call Volume (UCV)

The average number of location requests the Call Center processes within your registered "Place" during the previous twelve months. Charges vary by screening method.
