Dear Jack Honor:

Thank you for continuing to consult with the New York State Historic Preservation Office (SHPO). We have reviewed the submitted materials in accordance with the New York State Historic Preservation Act of 1980 (section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Division for Historic Preservation and relate only to Historic/Cultural resources.

We have reviewed your recent submission, dated January 7, 2022, for this project. This submission includes additional documentation illustrating the proposed solar arrays and addressing concerns with potential impacts to the State and National Register listed John Rottiers farm, Schoolhouse No. 22, and Tracy Farm properties.

Based on this review, it is the opinion of the SHPO that the proposed project will have No Adverse Impact to historic and cultural resources.

If you have any questions, I can be reached via email or at (518) 268-2164.

Sincerely,

Weston Davey
