

To whom this may concern ,  
I George Fortune case # 21-W-0379 sending you this email for a petition for a rehearing-  
because I did everything by the guidelines, even the Lake Placid Water Dept .and the village of  
Lake Placid approved my excavation involvement.  
So please opt myself out of any involvement do this case # 21-W-0379  
Plus it was filed under Wildside Excavation, in which the company is out of business.

When and individual like myself follow the guidelines, how can Ms. Miller take it upon herself to  
file a false report, shouldn't she be responsible for any fines ?  
She's been complaining every since Mr.& Mrs. Hanks bought the property from her brother.

Thank you,  
George Fortune
