Re: Case 24-T-0710 - Application of New York State Electric & Gas Corporation for a Certificate of Environmental Compatibility and Public Need Pursuant to Article VII of the Public Service Law for the Finger Lakes Area Infrastructure Reliability Project

Dear Secretary Phillips:

Enclosed for filing on behalf of New York State Electric & Gas Corporation (“NYSEG”) in the above-referenced proceeding are NYSEG’s Statement in Support of the Joint Proposal (“Statement in Support”) and an affidavit of Emma Timerman in support of the foregoing. The Statement in Support is being filed and served in accordance with the Ruling Regarding Process and Schedule issued on June 5, 2026 (“Procedural Ruling”) in this proceeding.

Moreover, in accordance with the Procedural Ruling, since no statements in opposition have been filed prior to the date hereof, NYSEG hereby requests that the presiding ALJs determine that there exists no issue of material fact in dispute with regard to the Project and, therefore, the need for an evidentiary hearing may be waived in this case.

Respectfully submitted,
