Concept papers received from technology developers and other stakeholders aim to broaden the range of technologies the ATWG may evaluate for potential deployment in solutions proposed in the Coordinated Grid Planning Process (CGPP) to facilitate Climate Leadership and Community Protection Act (CLCPA) objectives. The ATWG invites submissions by Friday September 3, 2026, by 5:00 p.m. Eastern Time.

Please contact me if you have any questions regarding this matter.

Respectfully submitted
