Re: Case 15-E-0302 – Proceeding on Motion of the Commission to Implement a Large-Scale Renewable Program and a Clean Energy Standard

Dear Secretary Phillips:

AES Clean Energy Development, LLC (“AES”), submits these comments in response to the Notice Seeking Further Comment on defining “zero emissions” in New York. Stakeholders suggested solutions and ideas for the New York Public Service Commission (“Commission”) to consider on its path to meet the goals of the Climate Leadership and Community Protection Act (“CLCPA”) in response to the Order Initiating Process Regarding Zero Emissions Target. AES appreciates the opportunity to further comment on additional and more specific questions posed by the Commission and Commission Staff.

AES recognizes that the path to a zero-emissions electric grid in New York is no easy feat. AES appreciates the opportunity to provide additional comments on zero-emissions in New York and recognizes the complexity and challenge of meeting New York’s climate goals. AES remains a committed partner in achieving the goals of the CLCPA.

Respectfully submitted,

Katherine Bennett
