1. Welcome

- a. Attendance
- b. Review/modify agenda
- c. DPS Staff remarks

2. EDI Standards Update

-Staff and working group chairs plan to re-engage and provide update at next working group meeting.

3. EDI Supplemental Guide Updates

-Jim Wade at Customized Energy- Requesting utilities complete review of supplemental guides to ensure recent update dates are present in the guides to show current dates as well as current processes, practices, and data codes.

-Issue Jim is reporting is that utility supplemental guides do not clearly identify required codes/data elements.

-Jim also requests sample EDI transactions from utilities to help EDI providers/ESCOs map test files and eventual production files.

-Catherine Crisp at Con Edison requests updates from utilities-

ConEdison – Survey was released to ESCOs/Partners to obtain feedback for supplemental guide updates. Company contact states responses are being reviewed.

NYSEG/RG&E – Pete Foster states that guides are up to date. Jim Wade calls out that the date referenced in the supplemental guide shows 2016. Further discussion on topic pointed out there is a document change history record included in the supplemental guide.

PSEG LI – review underway.

No comments from other utilities.

4. Other Business

No comments from participants.
