Re: Case 15-E-0302 - Proceeding on Motion of the Commission to Implement  
a Large-Scale Renewable Program and a Clean Energy Standard.

Dear Nathaniel Chumley:

I received your letter dated August 14, 2025, filed on behalf of the New York State Research and Development Authority (NYSERDA), requesting an additional extension of time to file the Build-Ready Program Five-Year Review (Five-Year Review), pursuant to the Commission's *Order Approving the Build-Ready Program* (Order), issued October 15, 2020, in the above proceeding. An extension to September 1, 2025, was granted on April 3, 2025.

You state that NYSERDA requests additional time so that it can finalize pending data and ensure the completeness of the report.

Based upon the information provided, an extension, until October 1, 2025, is granted to the New York State Research and Development Authority to file the Five-Year Review, as required by the Order. This extension is granted to promote the fair, orderly, and efficient conduct of this proceeding, and this ruling will be posted on the Department's website.

Very truly yours,

A handwritten signature in black ink, appearing to read "Michelle L. Phillips".
