Re Case 21-E-0629 - In the Matter of the Advancement of Distributed Solar.
Case 19-E-0735 - Petition of New York State Energy Research and Development Authority Requesting Additional NY Sun Program Funding and Extension of Program Through 2023.
Case 14-M-0224 - Proceeding on Motion of the Commission to Enable Community Choice Aggregation Programs.

Dear Sarah Simpson:

I received your September 6, 2024 letter on behalf of the New York State Energy Research and Development Authority (NYSERDA) requesting an extension of time to comply with the directives set forth in the Commission's *Order Approving Statewide Solar for All Program with Modifications* (Order), issued on May 16, 2024, in the above proceedings.

You note that Ordering Clause 6 requires NYSEERDA to file, by September 13, 2024, initial compensation levels schedules to be included within utility tariff statements for the Statewide Solar for All Program. You state that NYSEERDA needs additional time to establish appropriate compensation levels. You advise that the filing will also serve as the updated compensation levels schedule for 2024, as described in the Order.

Based upon the information provided, an extension, until November 1, 2024, is granted to NYSEERDA to make the filing required Ordering Clause 6 of the Order. This extension is granted to promote the fair, orderly, and efficient conduct of this proceeding.

This ruling will be posted on the Department's website.

Very truly yours,

Michelle L. Phillips
Secretary
