RE: Case 14-M-0101 - Proceeding on Motion of the Commission in Regard to
Reforming the Energy Vision.

Dear Mr. Weiner:

I have received your letter dated July 15, 2015 on behalf of New York State Department of Public Service Staff (Staff). The letter requests the extension to September 8, 2015 of the deadline for the filing of Distributed System Implementation Plan (DSIP) Guidance. This deadline would replace the schedule established for filing this document in the Public Service Commission's Order Adopting Regulatory Policy Framework and Implementation Plan issued February 26, 2015. In that order, the Commission directed Staff to file detailed guidance regarding DSIPs by the later of August 3, 2015 or thirty days after the issuance of a report by the Market Design and Platform Technology (MDPT) Working Group.

The request is premised on the need for Staff to consider the MDPT Working Group Report in developing the DSIP Guidance, while avoiding unnecessary delay. A draft of the Report was issued today and a final Report will be published on August 17, 2015. In addition, this request is consistent with efforts to avoid overburdening stakeholders with concurrent comment periods.

This is to advise that your request is granted in order to promote the fair, orderly, and efficient conduct of this proceeding. Staff is directed to file DSIP Guidance by September 8, 2015.

Mr. Scott Weiner

This ruling will be posted on the Department's website.

Sincerely,
