Service Classification No. 6

A Supplier may not transfer its grandfathered capacity to another Supplier unless it accompanies the sale of its entire book of customers.

(c) Due to the continual changes in the local production levels in CNG service territory, CNG will examine each Marketer's commitment to local production transportation volumes on an individual basis. Many variables exist due to the changing (both increasing and decreasing) volumes that are available from any given well. Consideration must be given on an individual producer basis, for how many wells exist, how long have they been in production, how many are interconnected to a gathering system, etc. CNG will maintain the right to determine if local production is suitable as firm primary capacity.

Minimum Charge:

Per Month - first .3 mcf \$120.00 plus applicable gas adjustment.

Rate:

For all gas delivered under this rate classification during each month, the rate shall be \$3.8900 per Mcf, above the first .3 mcf, plus the applicable revenue taxes.

In addition to be above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

Virgil Customer Surcharge

The charges set forth herein shall be subject to a Virgil Customer surcharge per MCF of gas supplied as explained on Leaf 79. This charge is \$3.25 per MCF and is only applicable to customers within the Virgil Franchise area.

Application of Deliveries:

Monthly deliveries to the Customer will be applied first to any minimum requirement under the applicable tariff provisions for firm service. Customers shall follow the balancing rules described in General Information Section 24B of the Company's Tariff.

Service Classification No. 7

Applicable to the Use of Service for:

Firm Transportation Service applicable to retail customers served by Service Classification No. 2 to P.S.C. No. 4 - Gas (hereinafter called the "Customer") when Corning Natural Gas Corporation (hereinafter called the "Company") has facilities available and adequate for the load. Service under this Service Classification must be requested by a retail customer who has contracted to purchase gas from an alternate source. Such customers shall be limited to those requiring transportation for a minimum volume of 25,000 Mcf annually (Rate Codes IT, ITO, BC3, BC4).

Character of Service:

Firm transportation of end-use customer owned pipeline quality natural gas delivered to the customer's existing service point. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the customer, except the quantity of gas delivered will be conditioned upon the availability of the Company's capacity to serve such customers.

Rate (Per Month):

First	250 Mcf or less	\$1,200.00
All over	250 Mcf	\$ 1.6180

Minimum Charge:

Per month - \$ 1,200.00

Increase in Rates and Charges:

The rates and charges under this Service Classification, including minimum charge, will be increased pursuant to General Information Rule 12-K for service supplied within the municipality where the customer is taking service.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76 except where rates for service have been negotiated or set by contract.

Virgil Customer Surcharge

The charges set forth herein shall be subject to a Virgil Customer surcharge per MCF of gas supplied as explained on Leaf 79. This charge is \$3.25 per MCF and is only applicable to customers within the Virgil Franchise area.

Revision: 10

Superseding Revision: 9

Service Classification No. 8

This Service Classification is only available to Hammondsport SC4 Customers as of April 30, 2012 (Rate Codes HT, HTO). Transportation Service, at one location, to any large volume customer, when the Company has received and accepted an Application for Transportation.

Marketers serving firm customers must comply with one of the following:

- a) Must take a capacity assignment from the Company for the 12 - month period November 1st thru October 31st at maximum rates.
- b) Demonstrate that they have adequate winter season (Nov.- Mar.) firm, non-recallable, primary delivery point capacity to the city gate. CNG maintains that any customer who is currently required to have firm, primary point capacity as of August 30, 2007 is included. The level of capacity that is to be "grandfathered" for each marketer is the level they possessed on August 30, 2007. Any change in capacity will be made a part of the Affidavit process that takes place each fall. The level of grand- fathered capacity that is accepted at that time will remain in effect for the next 12 months. Any customer must take a mandatory assignment of capacity unless they hold grandfathered rights to their own capacity on August 30, 2007
- c) Due to the continual changes in the local production levels in CNG service territory, CNG will examine each Marketer's commitment to local production transportation volumes on an individual basis. Many variables exist due to the changing (both increasing and decreasing) volumes that are available from any given well. Consideration must be given on an individual producer basis, for how many wells exist, how long have they been in production, how many are interconnected to a gathering system, etc. CNG will maintain the right to determine if local production is suitable as firm primary capacity.

Rate: (per meter per month)

Minimum Charge:

Per Month - first .3 mcf \$100.00 plus applicable gas adjustment.

For Firm Transportation Service: \$0.28910 per ccf.

For Interruptible Transportation Service:

The Interruptible Transportation Service Rate applicable to all contracts signed during the calendar month shall be determined monthly at the discretion of the Company and will be based on the Customer's alternate fuel.

The Interruptible Transportation Service Rate in effect on the day the Customer's contract is signed shall be a fixed rate for the term of the contract up to 12 months (beginning the month following the month in which the contract is signed).

Revision: 10
Superseding Revision: 9

Rate

The following rates are applicable to all gas delivered to each separate customer location. Where a customer takes such service at multiple locations, the volumes at such different locations will be considered separately for calculation of the rates.

	(Per Month)	(Rate)
	Residential	Commercial/ Public Authority
First 300 Cu. Ft. or Less	\$23.50	\$36.00
Next 4,700 Cu. Ft. - Per 100 Cu. Ft.	1.0887	.8863
All Over 5,000 Cu. Ft. - Per 100 Cu. Ft.	.7077	.5761

A per unit balancing charge as described in General Information Section 24-B will be added and the rate will be provided in a monthly statement to be filed with the Public Service Commission. Billing shall be in accordance with General Information Section 24C.

Reserved

The specific rate for reserved service shall be calculated monthly and shall be filed with the Public Service Commission. The Rate shall be equal to the above rates for unreserved status plus the difference between the average cost of gas and the commodity cost of gas as included in the monthly gas cost calculation.

Increase in Rates and Charges

Above rates shall be subject to increase in accordance with Paragraph 24A, Leaf 79. Above rates shall also be increased to include the Take-or-Pay surcharge. In addition to the above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission. A per unit charge (transition surcharge) shall also be added to collect the Company's stranded capacity costs as described on Leaf 78. The rate will be provided in a monthly statement to be filed with the Commission.

Application of Deliveries

All volumes consumed by customer shall be billed at the above rates. Additional volumes consumed by customer over volumes received for customer's account shall be accounted for and billed in accordance with Specific Provision No. 10 contained herein.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

Service Classification No. 6

A Supplier may not transfer its grandfathered capacity to another Supplier unless it accompanies the sale of its entire book of customers.

(c) Due to the continual changes in the local production levels in CNG service territory, CNG will examine each Marketer's commitment to local production transportation volumes on an individual basis. Many variables exist due to the changing (both increasing and decreasing) volumes that are available from any given well. Consideration must be given on an individual producer basis, for how many wells exist, how long have they been in production, how many are interconnected to a gathering system, etc. CNG will maintain the right to determine if local production is suitable as firm primary capacity.

Minimum Charge:

Per Month - first .3 mcf \$120.00 plus applicable gas adjustment.

Rate:

For all gas delivered under this rate classification during each month, the rate shall be \$4.1850 per Mcf, above the first .3 mcf, plus the applicable revenue taxes.

In addition to be above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

Virgil Customer Surcharge

The charges set forth herein shall be subject to a Virgil Customer surcharge per MCF of gas supplied as explained on Leaf 79. This charge is \$3.25 per MCF and is only applicable to customers within the Virgil Franchise area.

Application of Deliveries:

Monthly deliveries to the Customer will be applied first to any minimum requirement under the applicable tariff provisions for firm service. Customers shall follow the balancing rules described in General Information Section 24B of the Company's Tariff.

Service Classification No. 7

Applicable to the Use of Service for:

Firm Transportation Service applicable to retail customers served by Service Classification No. 2 to P.S.C. No. 4 - Gas (hereinafter called the "Customer") when Corning Natural Gas Corporation (hereinafter called the "Company") has facilities available and adequate for the load. Service under this Service Classification must be requested by a retail customer who has contracted to purchase gas from an alternate source. Such customers shall be limited to those requiring transportation for a minimum volume of 25,000 Mcf annually (Rate Codes IT, ITO, BC3, BC4).

Character of Service:

Firm transportation of end-use customer owned pipeline quality natural gas delivered to the customer's existing service point. The Company will control the dispatch of such gas, and dispatch will be provided as requested by the customer, except the quantity of gas delivered will be conditioned upon the availability of the Company's capacity to serve such customers.

Rate (Per Month):

First	250 Mcf or less	\$1,200.00
All over	250 Mcf	\$ 1.7440

Minimum Charge:

Per month - \$ 1,200.00

Increase in Rates and Charges:

The rates and charges under this Service Classification, including minimum charge, will be increased pursuant to General Information Rule 12-K for service supplied within the municipality where the customer is taking service.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76 except where rates for service have been negotiated or set by contract.

Virgil Customer Surcharge

The charges set forth herein shall be subject to a Virgil Customer surcharge per MCF of gas supplied as explained on Leaf 79. This charge is \$3.25 per MCF and is only applicable to customers within the Virgil Franchise area.

Revision: 11

Superseding Revision: 10

Service Classification No. 8

This Service Classification is only available to Hammondsport SC4 Customers as of April 30, 2012 (Rate Codes HT, HTO). Transportation Service, at one location, to any large volume customer, when the Company has received and accepted an Application for Transportation.

Marketers serving firm customers must comply with one of the following:

- a) Must take a capacity assignment from the Company for the 12 - month period November 1st thru October 31st at maximum rates.
- b) Demonstrate that they have adequate winter season (Nov.- Mar.) firm, non-recallable, primary delivery point capacity to the city gate. CNG maintains that any customer who is currently required to have firm, primary point capacity as of August 30, 2007 is included. The level of capacity that is to be "grandfathered" for each marketer is the level they possessed on August 30, 2007. Any change in capacity will be made a part of the Affidavit process that takes place each fall. The level of grand- fathered capacity that is accepted at that time will remain in effect for the next 12 months. Any customer must take a mandatory assignment of capacity unless they hold grandfathered rights to their own capacity on August 30, 2007
- c) Due to the continual changes in the local production levels in CNG service territory, CNG will examine each Marketer's commitment to local production transportation volumes on an individual basis. Many variables exist due to the changing (both increasing and decreasing) volumes that are available from any given well. Consideration must be given on an individual producer basis, for how many wells exist, how long have they been in production, how many are interconnected to a gathering system, etc. CNG will maintain the right to determine if local production is suitable as firm primary capacity.

Rate: (per meter per month)

Minimum Charge:

Per Month - first .3 mcf \$100.00 plus applicable gas adjustment.

For Firm Transportation Service: \$0.31120 per ccf.

For Interruptible Transportation Service:

The Interruptible Transportation Service Rate applicable to all contracts signed during the calendar month shall be determined monthly at the discretion of the Company and will be based on the Customer's alternate fuel.

The Interruptible Transportation Service Rate in effect on the day the Customer's contract is signed shall be a fixed rate for the term of the contract up to 12 months (beginning the month following the month in which the contract is signed).

Revision: 11
Superseding Revision: 10

Rate

The following rates are applicable to all gas delivered to each separate customer location. Where a customer takes such service at multiple locations, the volumes at such different locations will be considered separately for calculation of the rates.

	(Per Month)	(Rate)
	Residential	Commercial/ Public Authority
First 300 Cu. Ft. or Less	\$23.50	\$36.00
Next 4,700 Cu. Ft. - Per 100 Cu. Ft.	1.1968	.9641
All Over 5,000 Cu. Ft. - Per 100 Cu. Ft.	.7779	.6267

A per unit balancing charge as described in General Information Section 24-B will be added and the rate will be provided in a monthly statement to be filed with the Public Service Commission. Billing shall be in accordance with General Information Section 24C.

Reserved

The specific rate for reserved service shall be calculated monthly and shall be filed with the Public Service Commission. The Rate shall be equal to the above rates for unreserved status plus the difference between the average cost of gas and the commodity cost of gas as included in the monthly gas cost calculation.

Increase in Rates and Charges

Above rates shall be subject to increase in accordance with Paragraph 24A, Leaf 79. Above rates shall also be increased to include the Take-or-Pay surcharge. In addition to the above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission. A per unit charge (transition surcharge) shall also be added to collect the Company's stranded capacity costs as described on Leaf 78. The rate will be provided in a monthly statement to be filed with the Commission.

Application of Deliveries

All volumes consumed by customer shall be billed at the above rates. Additional volumes consumed by customer over volumes received for customer's account shall be accounted for and billed in accordance with Specific Provision No. 10 contained herein.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

In addition to the above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission. A per unit charge (transition surcharge) shall also be added to collect the Company's stranded capacity costs as described on Leaf 78. The rate will be provided in a monthly statement to be filed with the Commission.

Application of Deliveries

All volumes consumed by customer shall be billed at the above rates. Additional volumes consumed by customer over volumes received for customer's account shall be accounted for and billed in accordance with Specific Provision No. 10 contained herein.

Delivery Rate Adjustment

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

Revenue Decoupling Mechanism:

Charges explained on Leaf 81.
